

Neuron Anatomy Activity

The parts of the neuron have been labeled. Your challenge is to write the correct name for each part and explain what it does. If you need some help, ask your tutor or consult the lecture notes/Google.

1. Axon terminals

Release the neurotransmitters/
information of the presynaptic cell

2. Myelin Sheath – nodes

Allows electrical impulses to be
transmitted quickly and efficiently
along the nerve cells

3. Axon

Carries impulses/ information away
from the nerve/ cell body

4. Soma (Cell body)

Contain genetic information,
maintains the structure of the
neuron and provides energy to drive
activities

5. Nucleus

Needed for the production of
proteins within the cell

6. Dendrites

Receiving part of the neuron.
Receives synaptic input from the
axons – receives information from

, *Artificial General Intelligence* 2008 P. Wang, B. Goertzel, S. Franklin, 2008-02-18 The field of Artificial Intelligence AI was initially directly aimed at the construction of thinking machines that is computer systems with human like general intelligence But this task proved more difficult than expected As the years passed AI researchers gradually shifted focus to producing AI systems that intelligently approached specific tasks in relatively narrow domains In recent years however more and more AI researchers have recognized the

necessity and the feasibility of returning to the original goal of the field Increasingly there is a call to focus less on highly specialized narrow AI problem solving systems and more on confronting the difficult issues involved in creating human level intelligence and ultimately general intelligence that goes beyond the human level in various ways Artificial General Intelligence AGI as this renewed focus has come to be called attempts to study and reproduce intelligence as a whole in a domain independent way Encouraged by the recent success of several smaller scale AGI related meetings and special tracks at conferences the initiative to organize the very first international conference on AGI was taken with the goal to give researchers in the field an opportunity to present relevant research results and to exchange ideas on topics of common interest In this collection you will find the conference papers full length papers short position statements and also the papers presented in the post conference workshop on the sociocultural ethical and futurological implications of AGI
