**Initiation in the Aeon of the Child** J. Daniel Gunther, 2014-02-15 This book's primary focus is an understanding of the change to the formulas of Initiation brought about by the advent of the New Aeon the Aeon of the Child in 1904 It draws deeply from Jungian psychology world mythology and religion the teachings of Aleister Crowley and the doctrines of the Mystery traditions It explains how the revelations unique to this stage of human evolution impact the work of the individual aspirant Much of what is written here is revealed for the first time with every attempt to do so in clear and precise language

**Transhumanism** David Livingstone, 2015-09-02 Transhumanism is a recent movement that extols man's right to shape his own evolution by maximizing the use of scientific technologies to enhance human physical and intellectual potential While the name is new the idea has long been a popular theme of science fiction featured in such films as 2001 A Space Odyssey Blade Runner the Terminator series and more recently The Matrix Limitless Her and Transcendence However as its adherents hint at in their own publications transhumanism is an occult project rooted in Rosicrucianism and Freemasonry and derived from the Kabbalah which asserts that humanity is evolving intellectually towards a point in time when man will become God Modeled on the medieval legend of the Golem and Frankenstein they believe man will be able to create life itself in the form of living machines or artificial intelligence Spearheaded by the Cybernetics Group the project resulted in both the development of the modern computer and MK Ultra the CIA's mind control program MK Ultra promoted the mind expanding potential of psychedelic drugs to shape the counterculture of the 1960s based on the notion that the shamans of ancient times used psychoactive substances equated with the apple of the Tree of Knowledge And as revealed in the movie Lucy through the use of smart drugs and what transhumanists call mind uploading man will be able to merge with the Internet which is envisioned as the end point of Kabbalistic evolution the formation of a collective consciousness or Global Brain That awaited moment is what Ray Kurzweil a director of engineering at Google refers to as The Singularity By accumulating the total of human knowledge and providing access to every aspect of human activity the Internet will supposedly achieve omniscience becoming the God of occultism or the Masonic All Seeing Eye of the reverse side of the American dollar bill

**The Way of Deep Magick** Ian Rees, 2024-11-26 An exploration of the art of magic and qabalistic psychology as practiced by Aleister Crowley through the lens of the authors W E Butler and Tom Oloman Aleister Crowley is one of the best known figures in Western Occultism but books about him tend to focus on his life and personality either idealising or demonising him In this groundbreaking book established author of the occult Ian Rees focuses instead on Crowley's practice of magick tracing its roots back to ancient Egypt and considering his radical simplification of the Qabalah called the Naples Arrangement Rees also explores the ways in which Crowley brought teaching from Buddhism Taoism and Advaita Vedanta into western practice Particular attention is given to Crowley's novel Moonchild which is at its core a guide to the practice of

deep magick and introduces readers to the figure of Simon Iff who is Crowley's image of the Master Magickian. The Way of Deep Magick explores Crowley's inspirational works, The Book of the Law and The Holy Books, unearthing the magical formulae found within them. It also looks at Crowley's central practice of the Mass of the Holy Ghost. These works are linked to the traditions of the Divine Name and the ancient tradition of the Tree and the Fountain, the Moon and the Mountain. Central to the book is the communion with the mysterious presence of the Holy Guardian Angel, which leads us through the reactive and restrictive patterns of the past, establishes us in pure presence, and enables us to bridge between dualistic existence and the experience of non-dual states of consciousness which unite Love, Will, and the simple and direct experience of Being. The book concludes by considering the mystery of embodying the generative star of will and uniting with and being upheld by the serpent of deep imagination, or in other words, becoming the Servant of the Star and Snake. *Three Dangerous Magi: Osho Gurdjieff* Cr P. The infamous occult practitioner Edward Alexander Aleister Crowley has cast a long shadow over the history and culture of the 20th century. The information included in Aleister Crowley: A Visual Study illustrates this fact. As the foremost accumulator of occult knowledge in the late 19th and early 20th Century, Crowley based his writings upon prior magicians, writers, and philosophers, incorporating their ideas and his own into a new religion for a New Age. This book details Crowley's progression from a self-described childhood in hell to notorious magician to drug-addled middle age as the Great Beast, and on to his final years living in an upscale boarding house in southern England. As this visual study confirms, a copious amount of photographic and newspaper evidence still remains concerning the Beast. **666 Aleister Crowley** **Fresh Fever From the Skies: The Collected Writings of IAO131** IAO131, 2014-07-31.
