**Exorcism and Deliverance Ministry in the Twentieth Century** James M. Collins, 2009-11-10 This study seeks to demonstrate that exorcism deliverance ministry is an innately enthusiastic practice utilizing John Knox's classic study of Christian enthusiasm. The twentieth century provides an ideal arena for such a study since it frames a complete lifecycle for this rite from its infancy during the early decades through its heyday in the 1970s and 80s on to creeping routinisation by the end of the century. Two enthusiastic settings, Charismatic and Evangelical Fundamentalist, are identified and examined as the environment in which two related streams of exorcism deliverance ministry were practiced. Finally, enthusiastic Sacramentalist exorcism is considered in order to establish the thesis that enthusiastic settings provide a conducive atmosphere for the emergence and practice of exorcism deliverance ministry. Attention is paid to historical factors within the Charismatic and Evangelical Fundamentalist streams that underlie the development of this rite. As a result, important secondary insights are gained into the tidal nature of enthusiastic movements, the role of itinerant preachers in the propagation of enthusiasm, the routinisation of enthusiastic practices, and the manner in which enthusiasm overcomes institutional denominational boundaries. The study provides the foundation for future investigation of the manner in which enthusiastic experience is presented for apologetic purposes, the relationship between exorcism deliverance ministry and millenarianism, and the practice of this rite within non-Western churches.

*Evangelicals and Israel* Stephen Spector, 2009 Most observers explain evangelical Christians' bedrock support for Israel as stemming from the apocalyptic belief that the Jews must return to the Holy Land as a precondition for the second coming of Christ. But the real reasons, argues Stephen Spector, are far more complicated. In *Evangelicals and Israel*, Spector delves deeply into the Christian Zionist movement, mining information from original interviews, web sites, publications, news reports, survey research, worship services, and interfaith conferences to provide a surprising look at the sources of evangelical support for Israel. Israel is God's prophetic clock for many evangelicals; irrefutable proof that prophecy is true and coming to pass in our lifetime. But Spector goes beyond end-times theology to find a complex set of motivations behind Israel's evangelical relations. These include the promise of God's blessing for those who bless the Jews, gratitude to Jews for establishing the foundations of Christianity, remorse for the Church's past anti-Semitism, fear that God will judge the nations based on how they treated the Jewish people, and reliance on Israel as the West's firewall against Islamist terrorism. Spector explores many Christian Zionists' hostility toward Islam but also uncovers an unexpected pragmatism and flexibility concerning Israel's possession of the entire Holy Land. For evangelicals, politics frequently mixes with faith. Yet Spector argues that evangelical beliefs, though often portrayed as unifying and rigid, are in reality various and even contradictory. Spector uses George W. Bush's beliefs about the Bible as a sounding board for these issues and explores the evangelical influence on his Middle East policies. *Evangelicals and Israel* corrects much of the speculation about Bush's personal faith and about evangelicalism's impact on American Middle East relations and provides the fullest and most

nuanced account to date of the motives and theology behind Christian Zionism      **Charisma and Christian Life** ,1995
