Language Learning provides undergraduate and graduate level students in applied linguistics and TESOL researchers
materials developers and teachers with everything they need to know about the latest theory and practice of language
learning materials development for all media The past two decades have seen historic change in the field of language
learning materials development The four main drivers of that change include a shift in emphasis from materials for language
teaching to language learning evidenced based development the huge increase in digital delivery technologies and the
wedding of materials developed for the learning of English with those for other second or foreign languages Timely
authoritative and global in scope this text represents the ideal resource for all those studying and working in the field of
