today's widening inequality may be a temporary episode the danger is that the current economic divisions may set in motion a self-perpetuating cycle of social disadvantage The most comprehensive review of this quandary to date *Social Inequality* maps out a new agenda for research on inequality in America with important implications for public policy *Arts & Humanities Citation Index*, 1995 **The Philosopher's Index**, 2007 Vols for 1969 include a section of abstracts
