Women Money Power Josie Cox,2024-03-05 In *Women Money Power* financial journalist Josie Cox tells the compelling story of women's fight for financial freedom the social and political hurdles that have kept them from equality and the work that remains to be done A bold fascinating and hugely important book Unforgettable Jonathan Eig author of *King A Life* and *The Birth of the Pill* A necessary and riveting read Francesca Donner former gender director at the New York Times For centuries women were denied equal access to money and the freedom and power that came with it They were restricted from owning property or transacting in real estate Even well into the 20th century women could not take out their own loans or own bank accounts without their husband's permission They could be fired for getting married or pregnant and if they still had a job they could be kept from certain roles restricted from working longer hours and paid less than men for equal work It was a raw deal and women weren't happy with it So they pushed back *Women Money Power* is an inspirational account of brave pioneers who took on social mores and the law including the Rosies who filled industrial jobs vacated by men and helped win WWII the heiress whose fortune helped create the birth control pill the brassy investor who broke into the boys club of the New York Stock Exchange and the namesake of landmark equal pay legislation who refused to accept discrimination But as any woman can tell you the battle for equality for money and power is far from over Cox delves deep into the challenges women face today and the culture and systems that hold them back This is a fascinating narrative account of progress women's lives and the work still to be done

Educational Inequality and School Finance Bruce D. Baker,2021-02-09 In *Educational Inequality and School Finance* Bruce D Baker offers a comprehensive examination of how US public schools receive and spend money Drawing on extensive longitudinal data and numerous studies of states and districts he provides a vivid and dismaying portrait of the stagnation of state investment in public education and the continuing challenges of achieving equity and adequacy in school funding Baker explores school finance the school and classroom resources derived from school funding and how and why those resources matter He provides a critical examination of popular assumptions that undergird the policy discourse around school funding notably that money doesn't matter and that we are spending more and getting less and shows how these misunderstandings contribute to our reluctance to increase investment in education at a time when the demands on our educational system are rising Through an introduction to the concepts of adequacy equity productivity and efficiency Baker shows how these can be used to evaluate policy reforms He argues that we know a great deal about the role and importance of money in schools the mechanisms through which money matters for student outcomes and the trade offs involved and he presents a framework for designing and financing an equitable and adequate public education system with balanced and stable sources of revenue *Educational Inequality and School Finance* takes an issue all too often relegated to technical experts and makes it accessible for broader public empowerment and engagement

Capital Shortage Maanik Nath,2023-08-10 The great majority of the population in colonial and postcolonial India lived in the countryside and were

poor Many were unable to find gainful work outside agriculture and remained dependent on a livelihood that provided only subsistence and a precarious one Seeking the roots of persistent poverty Maanik Nath finds that the pervasive high cost and shortage of capital affected the peasant s ability to invest in land The productivity of land as a result remained small and changed little Bridging economic theory and historical evidence Capital Shortage shows that climate law policy design and interactions between these factors perpetuated a stubborn cycle of low investment and widespread deprivation over several decades These findings can be tested against credit and development in preceding and succeeding periods as well as positioned in comparative global context *Collective Redress and EU Competition Law* Eda Şahin,2018-12-07 Exploring obstacles to effective compensation of victims of competition infringements this book categorises the types of victims harmed and the types of losses arisen from these infringements to identify to what extent there is a need for enhanced private competition law enforcement in the European Union EU and the best way to address this need It shows that there is a genuine need for facilitating consumer damages actions and that consumer claims are the only claims that can be pursued in a collective redress action In order to compensate consumers and overcome barriers to effective enforcement of their right to damages it structures a collective redress action for consumers by considering the following elements i the formation of the group ii the type of representative party iii funding mechanisms and iv calculation and distribution of damages
