Haycraft,2002 In *Yellow Steel* the first overarching history of the earthmoving equipment industry William Haycraft examines the tremendous increase in the scope of mining and construction projects from the Suez Canal through the interstate highway system made possible by innovations in earthmoving machinery Led by Cyrus McCormick s invention in 1831 of a practical mechanical reaper many of the builders of today s massive earthmoving machines began as makers of reapers plows threshers and combines Haycraft traces the efforts of manufacturers such as Caterpillar Allis Chalmers International Harvester J I Case Deere and Massey Ferguson to diversify from farm equipment to specialized earthmoving equipment and the important contributions of LeTourneau Euclid and others in meeting the needs of the construction and mining industries He shows how postwar economic and political events especially the creation of the interstate highway system spurred the development of more powerful and more agile machines He also relates the precipitous fall of several major American earthmoving machine companies and the rise of Japanese competitors in the early 1980s Extensively illustrated and packed with detailed information on both manufacturers and machines *Yellow Steel* knits together the diverse stories of the many companies that created the earthmoving equipment industry how they began expanded retooled merged succeeded and sometimes failed Their history a step by step linking of need and invention provides the foundation for virtually all modern transportation construction commerce and industry

**Dirt Work** Christine Byl,2013-04-16 A lively and lyrical account of one woman s unlikely apprenticeship on a national park trail crew and what she discovers about nature gender and the value of hard work Christine Byl first encountered the national parks the way most of us do on vacation But after she graduated from college broke and ready for a new challenge she joined a Glacier National Park trail crew as a seasonal traildog maintaining mountain trails for the millions of visitors Glacier draws every year Byl first thought of the job as a paycheck a summer diversion a welcome break from the real world before going on to graduate school She came to find out that work in the woods on a trail crew was more demanding more rewarding more real than she ever imagined During her first season Byl embraces the backbreaking difficulty of the work learning how to clear trees move boulders and build stairs in the backcountry Her first mentors are the colorful characters with whom she works the packers sawyers and traildogs from all walks of life along with the tools in her hands axe shovel chainsaw rock bar As she invests herself deeply in new work the mountains rivers animals and weather become teachers as well While Byl expected that her tenure at the parks would be temporary she ends up turning this summer gig into a decades long job moving from Montana to Alaska breaking expectations including her own that she would follow a professional career path Returning season after season she eventually leads her own crews mentoring other trail dogs along the way In *Dirt*

Work Byl probes common assumptions about the division between mental and physical labor women s work and men s work white collars and blue collars The supposedly simple work of digging holes dropping trees and blasting snowdrifts in fact offers her an education of the hands and the head as well as membership in an utterly unique subculture Dirt Work is a contemplative but unsentimental look at the pleasures of labor the challenges of apprenticeship and the way a place becomes a home

**Wavendon Gate** Robert John Williams,P. J. Hart,A. T. L. Williams,1996 The final Milton Keynes monograph publishes an extensive Late Iron Age and Roman settlement The Roman phase of this complex site includes two First Century BC Pottery kilns a well furnished cremation cemetery corn driers and a late Roman waterlogged pit The pit contained some well preserved artefacts including a votive Taranis wheel the first wooden representation of this Celtic goddess found in Europe There were also traces of Early Saxon occupation on the site
