Why a quantitative approach might be used in the decision-making process:

1. Complex decisions and the manager cannot develop a good solution without the aid of quantitative analysis.
2. Many important problems (e.g., a great deal of money is involved), and the manager desires a thorough analysis before attempting to make a decision.
3. Other problems and the manager has not previously experienced those which are clear.
4. Important problems and the manager wants them and others to solve via the general term procedures for making business decisions.
