Footer, Julia Schmidt, Nigel D White, Lydia Davies-Bright, 2016-06-16 Of the many challenges that society faces today possibly none is more acute than the security of ordinary citizens when faced with a variety of natural or man made disasters arising from climate and geological catastrophes including the depletion of natural resources environmental degradation food shortages terrorism breaches of personal security and human security or even the global economic crisis States continue to be faced with a range of security issues arising from contested territorial spaces military and maritime security and security threats relating to energy infrastructure and the delivery of essential services The theme of the book encompasses issues of human political military socio economic environmental and energy security and raises two main questions To what extent can international law address the types of natural and man made security risks and challenges that threaten our livelihood or very existence in the twenty first century Where does international law fall short in meeting the problems that arise in different situations of insecurity and how should such shortcomings be addressed *Essential Texts on International and European Criminal Law 8th edition, updated until 1 January 2015* Gert Vermeulen, 2015-01-27 This volume comprises the principal policy documents and multilateral legal instruments on international and European criminal law with a special focus on Europol and Eurojust as well as on initiatives aimed at combating international or organized crime or terrorism The texts have been ordered according to the multilateral co operation level within which they were drawn up either Pr m the European Union comprising also Schengen related texts the Council of Europe or the United Nations It is meant to provide students as well as practitioners judicial and law enforcement authorities lawyers researchers throughout Europe with an accurate up to date edition of essential texts on these matters **NATO's Post-Cold War Trajectory** M. Webber, J. Sperling, M. Smith, 2012-08-20 Two decades since the watershed of the Cold War this book investigates NATO's staying power This book investigates how the Alliance has adapted and managed to attend to new roles and purposes through the lens of International Relations theory The Alliance will continue but will remain subject to ongoing crises and challenges of change Government Control and Operation of Railroads United States. Congress. Senate. Committee on Interstate Commerce, 1918 *The Oxford Handbook of International Investment Law* Peter Muchlinski, Federico Ortino, Christoph Schreuer, 2008 The Oxford Handbook series is a major new initiative in academic publishing Each volume offers an authoritative and state of the art survey of current thinking and research in a particular subject area Specially commissioned essays from leading international figures in the discipline give critical examinations of the progress and direction of debates Oxford Handbooks provide scholars and graduate students with compelling new perspectives upon a wide range of subjects in the humanities and social sciences The Oxford Handbook of International Investment Law aims to provide the first truly exhaustive account of the current state and future development of this important and topical field of international law The Handbook is divided into three main parts Part One deals with fundamental conceptual issues Part Two deals with the main substantive areas of law and Part Three deals with the major procedural issues arising out of the settlement of international

investment disputes The book has a policy oriented introduction setting the more technical chapters that follow in their policy environment within which contemporary norms for international foreign investment law are evolving The Handbook concludes with a chapter written by the editors to highlight the major conclusions of the collection to identify trends in the existing law and to look forward to the future development of this field

Adjudicating Trade and Investment Disputes Szilárd Gáspár-Szilágyi, Daniel Behn, Malcolm Langford, 2020-07-02 Recent trends suggest that international economic law may be witnessing a renaissance of convergence both parallel and intersectional The adjudicative process also reveals signs of convergence These diverse claims of convergence are of legal empirical and normative interest Yet convergence discourse also warrants scepticism This volume contributes to both the general debate on the fragmentation of international law and the narrower discourse concerning the interplay between international trade and investment focusing on dispute settlement It moves beyond broad observations or singular case studies to provide an informed and wide reaching assessment by investigating multiple standards processes mechanisms and behaviours Methodologically a normative stance is largely eschewed in favour of a range of doctrinal quantitative and qualitative methods that are used to address the research questions Furthermore in determining the extent of convergence or divergence it is important to recognize that there is no bright line or clear yardstick for determining its nature or degree

Applications of Information Systems to Homeland Security and Defense Abbass, Hussein A., Essam, Daryl, 2005-09-30 This book provides an overview of complex systems techniques and presents both guidelines and specific instances of how they can be applied to security and defense applications Provided by publisher
