How should I know I know because although I have been working as an Oracle CRM Consultant for many years I have myself recently certified with the latest version of the Certification test. Before you start here are some Key features of the Certification Exam. This certification exam verifies that the candidate has the knowledge required in the area of Oracle CRM On Demand. This certificate builds on basic consultant skills and experience that is then refined by practical experience during several projects. Candidates must also demonstrate understanding of how to use Company Administration, Visibility, Access Control, Role User Set Up, Customizing fields, pages, Administration, Assignments, Field sharing. The exam is Computer based and you have 150 minutes to answer 78 Questions. The Questions are mostly multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers the answers will have a tick box next to them. This allows you to select multiple answers.
