How to Tell the UC Essay Prompts Apart

To help tell the UC personal statement prompts apart, sort them into big-picture categories, so when you're brainstorming ideas you can see where your event or life experience would fit.

- **Topics 1 and 7** are about your engagement with the people, things, and ideas around you. Consider the impact of the outside world on you and how you handled that impact.
- **Topics 2 and 6** are about your inner self, what defines you, and what makes you the person that you are. Consider your interior makeup, the characteristics of the inner you.
- **Topics 3, 4, 5, and 8** are about your achievements. Consider what you've accomplished in life and what you are proud of doing.

These very broad categories will help when you're brainstorming ideas and life experiences to write about for your essay. Of course, it's true that many of the stories you think of can be shaped to fit each of these prompts. **Still, think about what the experience most reveals about you.**

If it's an experience that shows how you have handled the people and places around you, it'll work better for questions in the first group. If it's a description of how you express yourself, it's a good match for questions in group two. If it's an experience that tells how you acted or what you did, it's probably a better fit for questions in group three.

The Minoan Epiphany - A Bronze Age Visionary Culture Bruce Rimell,2021-01-02 The art and iconography of the Minoan civilisation of Bronze Age Crete is rightly described as having a refreshing vitality with a fortunate combination of stylisation and spontaneity in which the artist is able to transform conventional imagery into a personal expression The dynamism torsion and naturalism evident in Minoan art stands in stark contrast to the hieratic rigidity of other ancient civilisations and nowhere is this more apparent than in the iconography of the Minoan Epiphany a set of mainly glyptic rings seals and seal impression images which appear to depict religious celebrants experiencing direct and seemingly ecstatic encounters with deities This collection of essays explores this central aspect of Minoan religion taking a strongly archaeological focus to allow the artefacts to speak for themselves and moving from traditional representational interpretations into embodied perspectives in which the ecstatic capabilities of the human body throw new light on Aegean Bronze Age ritual practices Such ideas challenge rather passive assumptions modern Western observers hold about the nature of religious feelings and experiences in particular the depictions of altered states of consciousness in ancient art and the visionary potential of dance gestures Speculative asides on the potential for a Minoan origin for Classical Greek humanism and hints in the imagery on ancient Cretan conceptions of the cosmos are set against sound archaeological theories to explain this lively and dynamic corpus of images Beautifully illustrated with images and sketches of the relevant artefacts this wide ranging volume will stimulate audiences with archaeological prehistorical and spiritual interests as well as historians of religion and art The Minoan Epiphany also represents an influential antecedent to the Visionary Humanist philosophy which forms the majority of Bruce s current independent research interests UC Essay 8 Prompts Allen Leung,2017-09-14 This book presents an illustrative strategy for how to tackle the 8 UC essay prompts
