Uem World Annual Report:

Annual Report Universidade Eduardo Mondlane, 1994 **Malaysian "bail Outs"?** Sook Ching Wong, Jomo Kwame Sundaram, Kok Fay Chin, 2005 As Malaysia's government responded to the 1997-98 financial crisis the global financial community criticised its measures as bail outs for politically influential corporate interests This book examines the Asian crisis and government policy responses with emphasis on capital controls as well as corporate bank and debt restructuring exercises **Annual report , Mergent International News Reports** , 2008-05 **Health Care in Malaysia** Heng Leng Chee, Simon Barraclough, 2007-03-06 The health care system in Malaysia has undergone a fundamental transformation over the last two decades This book examines this transformation and explores the pressing issues it faces today It includes coverage of the evolution of the system since independence from the colonial legacy of national provision bequeathed from the British to the impact of the global ideological shift against statism in the 1980s considers the responses of the Malaysian state and government policy issues such as equity of provision women's access to health care HIV AIDS health care care for the elderly The book offers a detailed examination of the changing face of health care in Malaysia and its impact on Malaysian citizens users and society *Annual Report* Renong Berhad, 1996 AC/E Digital Culture Annual Report Robin Good, Roberto Carreras, Eva Snijders, Antonio Rojas Castro, Pedro Diezma, Ximo Lizana, Clara Fernández Vara, David Ruiz Torres, 2017-05-22 Acci n Cultural Espa ola's fourth edition of the AC/E Digital Culture Annual Report follows an editorial policy of familiarising professionals of the culture sector with the main digital trends they need to be aware of over the coming years Since 2015 a committee has been advising us on the choice of subjects and authors for the first part of the report This year a group of experts analyse issues such as content curation as a means of tackling digital overload neuroscience applied to technology the latest advances in artificial intelligence the Internet of Things and Big Data applied to culture and the use of digital technology in music Each year's edition also includes a field study the Focus which reports on cases of good practice in digital technology in a specific discipline The first edition examined the impact of digital in the world of the performing arts the second focused on museums and the third on the use of digital devices at fifty Spanish and international culture festivals This fourth edition surveys in depth the use of digital technology in the conservation analysis and dissemination of our cultural heritage This sector is rapidly growing leading to a radical change in methodologies and formats which the author David Ruiz Torres analyses exhaustively **Annual Report to Congress of the Atomic Energy Commission** U.S. Atomic Energy Commission, 1965 Annual Report to Congress of the Atomic Energy Commission for ... U.S. Atomic Energy Commission, 1965 *Doctoral Training and Higher Education in Africa* Christine Scherer, R. Sooryamoorthy, 2022-05-12 Drawing on insights from across Africa this book investigates the discourses and practices that guide doctoral training today Higher education is regarded as key for driving development and innovation creating an informed knowledge base equipped to tackle local and global challenges For too long external forces defined education in the

continent but now African countries are revitalising higher education designing doctoral training to fit distinctly African needs and contexts This book investigates the history present and future potential of doctoral training on international regional national and institutional levels Bringing together expertise from both research and practice the book analyses the frameworks and structures of the doctoral phase and how institutions supervisors mentors and young scholars meet the challenges of training in real life The book covers issues such as access to education proactive recruitment funding issues practitioner expertise enrolment and drop out across a range of countries including South Africa Mozambique Ethiopia Nigeria Benin Ghana and Morocco This book will be a rich resource for higher education administrators and policy makers as well as researchers and academics with an interest in higher education in Africa

The Rise of the Corporate Economy in Southeast Asia Rajeswary Ampalavanar Brown, 2007-01-24 Backed by detailed empirical data Raj Brown gives a comprehensive analysis of the rise of the corporate economy in Southeast Asia focusing in particular on corporate organization methods of finance business environment and corporate governance

A Contemporary Concept of Monetary Sovereignty Claus D. Zimmermann, 2013-11-07 Monetary sovereignty is a crucial legal concept dictating that states have sovereignty over their own monetary financial and fiscal affairs However it does not feature as part of any key instruments of international law including the Articles of Agreement of the International Monetary Fund Rather it has remained a somewhat separate notion developed under contemporary international law from an assertion of the former Permanent Court of International Justice in 1929 As a consequence of globalization and increasing financial integration and a worldwide trend towards the creation of economic and monetary unions the principle of monetary sovereignty has undergone significant change This book examines this evolution in detail and provides a conceptual framework to demonstrate what this means for the legal and economic challenges faced by the international community The book examines the historic origins and evolution of the concept of monetary sovereignty putting it into the context of broader concepts of sovereignty It argues that monetary sovereignty remains relevant as a dynamic legal concept with both positive and normative components It investigates the continuing hybridization of international monetary law resulting from changes to its formal and material sources It then examines the complex phenomenon of exchange rate misalignment under international monetary and trade law and the increasing regionalization of monetary sovereignty notably in light of the European sovereign debt crisis Finally it assesses the role the concept of monetary sovereignty can play in the reorganization of international finance following the recent global financial crisis

Globalization of an Educational Idea Ingrid Miethe, Tim Kaiser, Tobias Kriele, Alexandra Piepiorka, 2019-07-22 In this book authors showcase the worldwide spread of Workers Faculties as an example of both cooperation between socialist countries in education and globalization processes in the field of education Based on extensive research carried out in Cuban German Mozambican and Vietnamese archives as well as expert interviews it combines detailed case studies of educational transfers and policy implementation with a discussion of theoretical approaches to the

study of globalization in and of education Research on Workers Faculties provides an especially interesting example for the study of educational transfer between socialist countries as well as for the interplay of such transfers with processes of globalisation for two reasons On one hand the first Workers Faculties were established already shortly after the October Revolution in Russia and Workers Faculties continue to exist in Cuba until today A study of these institutions therefore provides a dynamic perspective covering the whole period of the existence of the socialist camp On the other hand the spread of the Workers Faculty idea to four continents allows for an analysis that takes into account widely differing local contexts This book offers an analysis of general trends and particularities in the history of the global spread of the Workers Faculty idea and its implementation in local contexts Finally it discusses the results with a view towards theories of globalization in the field of education as well as of specificities of processes of socialist globalization

Fokwang: Cultivating Moral Citizenship D. Fokwang, 2023-02-14 In Cultivating Moral Citizenship ethnographer Jude Fokwang unpacks the meanings mechanisms and processes through which young people in an inner city of the West African nation of Cameroon respond to local and global challenges as they seek to position themselves as social adults Faced with the decline of old predictabilities the diminishing capacity of the postcolonial state to control its destiny and the precarity of waithood young people instrumentalise the opportunities and resources afforded by associations to build reciprocal relationships that advance their individual and collective pursuits in a community that has increasingly become transnational In positioning themselves as moral actors the young people in this ethnography invest in high profile social and communal projects including the enforcement of moral orthodoxies that enable readers to appreciate the ways in which moral citizenship is engendered expanded and eroded simultaneously
