Administrative Executives. Volume - I Dr. Ashok S. Yakkaldevi, 2022-12-02 All India Survey on Higher Education AISHE was initiated in 2011 during which data for the year 2010 11 was collected The survey was utmost necessary as none of the source of data on Higher education was giving complete picture of higher education in the country Also there were many important parameters on which data is required for policy making but either no data was available or incomplete data was available For the first time all the major Stakeholders in Higher Education such as University Grants Commissions All India Council for Technical Education Medical Council of India as well as State Governments participated in the data collection exercise The entire survey was conducted through electronic mode and a dedicated portal <http://aishe.gov.in> was developed for the purpose thus making the exercise completely paperless The survey covered all the Institutions in the country engaged in imparting the higher education Data is being collected on several parameters such as teachers student enrolment programmes examination results education finance infrastructure etc Indicators of educational development such as Institution Density Gross Enrolment Ratio Pupil Teacher Ratio Gender Parity Index etc are calculated from the data collected through AISHE These are useful in making informed policy decisions and research for development of education sector

Way Beyond The Three Rs Y S Rajan, 2010-12-08 The education of their children is of paramount importance to all Indian parents They spend tens of thousands of crores each year to get their young educated The country fetes its successful students from class X to board toppers and those who crack the IIT JEE to those who clear the civil services examination Yet things on the ground are dire About 70 per cent of all students in villages towns and cities have to make do with inferior schooling Metropolitan newspapers are full of the difficulty of getting a nursery seat in a good school And while there is a

seat crunch in the better colleges too only 10 per cent of all students between the ages of 18 and 21 are enrolled in college Crores of educated Indians discover too late that they do not have the skills to land a suitable job Y S Rajan examines the gamut of issues involved in India's efforts to educate its young people and the work required to fix schools vocational training centres colleges and universities He argues that Indian education needs reforms on a scale comparable to those which freed the economy of the shackles of the licence permit raj almost twenty years ago
