Ukzn Prospectus For 2016

Mukerji, Siran, Tripathi, Purnendu

Ukzn Prospectus For 2016:

Global Science's Cooperation Opportunities, Challenges, and Good Practices Moussaoui, Mohamed, 2023-07-24 Science diplomacy gives possibilities for international diplomacy and science policy to collaborate to more directly address social and global challenges such as successful diplomatic engagement international scientific coordination and policy coherence in response to the COVID 19 pandemic However most academic scientists lack policy process training networking opportunities with science policymakers and the capacity to use their expertise in the field to advance policy or diplomacy These barriers limit scientists research impact inhibit science policy relations reduce science recommendations and restrict university engagement in national and international contexts The origins of science diplomacy have yet to be closely examined and its current format does not give a clear understanding of how it concretely translates into science policy actions Global Science s Cooperation Opportunities Challenges and Good Practices provides a comprehensive overview of science diplomacy and its evolution in history and analyzes the ways in which politics science and diplomacy intertwine The book also provides a critical review of science diplomacy by exposing its limitations in addressing global challenges and by reflecting on the specific questions relating to the adaptation of the science diplomacy concept to the context of the Global South Covering key topics such as climate change foreign policy and energy consumption this premier reference source is ideal for policymakers government officials politicians industry professionals researchers academicians scholars practitioners instructors and students

Spatial Histories of Radical Geography Trevor J. Barnes, Eric Sheppard, 2019-04-17 A wide ranging and knowledgeable guide to the history of radical geography in North America and beyond Includes contributions from an international group of scholars Focuses on the centrality of place spatial circulation and geographical scale in understanding the rise of radical geography and its spread A celebration of radical geography from its early beginnings in the 1950s through to the 1980s and after Draws on oral histories by leaders in the field and private and public archives Contains a wealth of never before published historical material Serves as both authoritative introduction and indispensable professional reference

Organise or Die? Raphaël Botiveau, 2017-12-01 The story of one of the leading trade unions in South Africa the National Union of Mineworkers and its role in the struggle against white minority rule Organise or Die Democracy and Leadership in South Africa s National Union of Mineworkers NUM is the first in depth study of one of the leading trade unions in the country Founded in 1982 the trade union played a key role in the struggle against white minority rule before turning into a central protagonist of the ruling Tripartite Alliance after apartheid Deftly navigating through workerist social movement and political terrains that shape the South African labour landscape this book sheds light on the path that led to the unprecedented 2012 Marikana massacre the dissolution of the Congress of South African Trade Unions Cosatu federation and to fractures within the African National Congress ANC itself Working with the notions of organisational agency and strategic bureaucratisation Rapha l Botiveau shows how the founding leadership of NUM built their union s structures with a

view to mirror those of the multinational mining companies NUM faced Good leadership proved key to the union's success in recruiting and uniting mineworkers and NUM became an impressive school for union and political cadres producing a number of South Africa's top post-apartheid leaders An incisive analysis of leadership styles and strategies shows how the fragile balance between an increasingly distant leadership and an increasingly militant membership gradually broke down Botiveau provides a compelling narrative of NUM's powerful history and the legacy of its leadership It will appeal to a broad readership including journalists students and social sciences scholars interested in South Africa's contemporary politics and labour history *Handbook of Research on Administration, Policy, and Leadership in Higher Education* Mukerji, Siran, Tripathi, Purnendu, 2016-09-27 The creation of a sustainable and accessible higher education systems is a pivotal goal in modern society Adopting strategic frameworks and innovative techniques allows institutions to achieve this objective The Handbook of Research on Administration Policy and Leadership in Higher Education is an authoritative reference source for the latest scholarly research on contemporary management issues in educational institutions and presents best practices to improve policies and retain effective governance Addressing the current state of higher education at an international level this book is ideally designed for academicians educational administrators researchers and professionals The Origin and Growth of Geography as a discipline at South Africa Universities Gustav Visser, 2016-09-20 The publication provides the first comprehensive text that reflects on a century of the development of geography as an academic discipline at South African universities The book showcases a broad and textured review of South Africa's geography departments their staff members their times and the different Geographies they engaged in The book lays the foundation from which more expansive individual departmental histories can be written in the future
