Un Autre Israël Est Possible:

Un autre Israël est possible Dominique Vidal, Michel Warschawski, 2012-11-09 Durant l'année 2011 en Israël jusqu'à 500 000 hommes et femmes l'équivalent de près de 4 millions en France ont manifesté contre le saccage général de l'éducation du logement de la santé et de l'état social Un mouvement sans précédent soutenu par la grande majorité de l'opinion publique dans une société pourtant traditionnellement conformiste Qui sont les Indignés de Jérusalem Tel Aviv et Haifa Comment leur révolte a-t-elle surgi avant de surgir Mobilisés autour de revendications économiques et sociales perçoivent-ils que pour sortir de la crise sociale la plus grave de son histoire Israël doit cesser de coloniser les Territoires palestiniens s'en retirer et accepter de reconnaître l'état palestinien qui s'y construit Leur révolte bousculera-t-elle un paysage politique obsolète et sans horizon Pour répondre à ces questions Dominique Vidal et Michel Warschawski sont allés à la rencontre de vingt porteurs de ce mouvement et demain peut-être d'alternatives plus globales Ils sont Juifs et Arabes femmes et hommes laïcs et religieux militants de base et députés universitaires et étudiants anarchistes et communistes nationalistes et pacifistes travaillistes et anticolonialistes etc Un autre Israël est-il possible Dominique Vidal est historien et journaliste galemment journaliste Michel Warschawski a fondé le Centre d'information alternative AIC de Jérusalem Tous deux ont critiqué de nombreux livres sur le conflit israélo-palestinien Aux éditions de l'Atelier ils ont publié ensemble et avec Leïla Shahid Les Banlieues du Proche Orient et nous Palestine, a Jewish Question Richard Wagman, 2018-11-23 This volume is more about Jewish people than it is about Palestine and it is in turn more about Palestine than it is about Israel the latter only being mentioned in a secondary way As such this book isn't addressed exclusively to readers of a single religious or cultural community It's addressed first and foremost to those who want to know more about the reasons behind the Israel Palestine conflict and how to solve it Although the violence with which the word Palestine is often associated remains a mystery for many people it can be rationally explained The book's introduction reserves a few surprises and its conclusion offers readers contemporary perspectives in light of historical experience This study starts out with a historical chronology of the Jewish Arab conflict in Palestine before examining political and ethical debates which accompanied the development of Palestinian nationalism and of Jewish nationalism Zionism These themes are taken up around specific centres of interest without neglecting the portraits of certain key players in the Jewish community who have contributed to raising the debate on Palestine The book doesn't start nor end in the Middle East It's a world tour of Jewish communities and what they think of the Palestinian question going back over a century and up to the present day **Studies in Medieval Jewish Poetry** Alessandro Guedes, Masha Itzhaki, 2008-09-30 From Iraq to Spain from Germany to Catalonia from Italy to Yemen poetry has been for centuries a privileged mode of expression in the Jewish world Sometimes borrowing from the poetry of the land in which they lived but always reinventing it in relationship to the Hebrew language and to the Jewish cultural references the medieval Hebrew poets created an immense variegated and fascinating corpus In this book some of the best specialists of the field analyse different themes and authors of

this tradition providing new insights to well known authors or proposing less celebrated works as equally worthy of study As a result of this scholarship the English reader will be able to penetrate the different social and historical contexts of significant portions of Medieval Hebrew poetry as well as the cultural implications of technical choices apparently neutral

Israël a aimé ses ennemis Dany NOCQUET,Thomas Römer,2023-06-28 L ouvrage est consacr la relation de l Isra l ancien ses voisins au cours du Ier mill naire av J C Il d voile combien nombreux et surprenants sont les textes de l Ancien Testament qui d crivent un rapport positif d Isra l aux peuples voisins cette haute poque L tude de ces passages met en lumi re l effort d interpr tation consid rable qu ils contiennent pour reconna tre les autres peuples justifier leur alt rit et les aimer

Ainsi l'Ancien Testament dans sa réflexion interne fait lentement glisser l'image de l'Israël ancien d'une singularité d'opposition vers une spécificité d'intégration et de reconnaissance pour ses voisins leur exprimant une gratitude rarement mise au jour dans une lecture biblique. Ce travail sur la mémoire et les vieilles traditions douloureuses d'Israël et de Juda met en évidence la nécessité de réinterpréter l'histoire afin de donner sens et perspective au présent. En montrant comment l'image de l'Ancien Israël se transforme dans l'Ancien Testament, l'ouvrage invite à sortir des archives ces vieux textes et les actualiser comme une voie de reconstruction. Cette étude fournie et accessible permet d'aborder autrement les circonstances tragiques de l'histoire et de vivre différemment l'absolu de la relation au divin.

Israël a déménagé Diana Pinto, 2012-04-04 Israël a changé. Il n'est plus ce pays issu du creuset européen auquel on veut encore croire. L'Israël des origines, celui des pionniers, celui de la Shoah, est mort au cours des années 1990 avec le processus de paix d'Oslo, lui-même contemporain de la grande euphorie de la chute du Mur de Berlin. Israël d'aujourd'hui est l'orphelin de cette histoire. Mais un orphelin devenu adulte qui se reconstruit avec d'autres repères et d'autres influences. Non seulement il n'a plus la hantise de son passé européen, mais il n'a plus non plus les mêmes attaches qu'autrefois. L'Amérique d'Obama l'inquiète. Israël d'aujourd'hui s'intéresse plus au prix du fromage blanc, le cottage cheese, qu'au processus de paix sur lequel est focalisée la presse du monde entier. Israël a pour notre époque, il vit désormais dans un cyberspace au cœur d'une mondialisation au parfum de plus en plus asiatique. Le postmoderne s'y combine avec un passé ancien, voire archaïque, ultrareligieux. Israël a déménagé. Pendant que le reste du monde continuait à prononcer les mantras du processus de paix et de la feuille de route, Israël changeait de références. Ses hommes d'affaires investissent dans les terres agricoles de Roumanie, construisent des centres commerciaux en Pologne, pays qu'au même moment visitent les pèlerins ultrareligieux de Mea Shearim, qui viennent se recueillir sur les tombes des rabbins hassidiques. Le grand passé biblique et talmudique ne cesse pas d'être présent, au contraire. Mais il se combine avec les progrès technologiques d'une société résolument moderne. Un peu comme les grands pays asiatiques qui eux aussi combinent progrès technologique et références au passé religieux.

La question séfarade Daniel Bensoussan Bursztein, 2025-05-14 Alors qu'elles étaient souvent présentes sur ces territoires avant l'islam, les communautés juives des pays arabo-musulmans ont quasiment toutes disparu. À tel point qu'après la décolonisation, les Juifs d'origine orientale qu'on nomme séfarades en Occident sont devenus majoritaires en France et surtout en Israël. Pour la majeure partie de nos contemporains, ce départ des Juifs d'Orient est difficilement explicable, tant ils auraient toujours été protégés par les pouvoirs arabomusulmans et surtout par le service du drame, minemment européen, qu'est la Shoah. Ces Juifs séfarades ont ainsi été accusés d'avoir trahi leurs pays d'origine, tout n'aurait que miel et douceur, et d'avoir abîmé l'image du bel Israël des premiers siècles. Or, ce n'est pas ainsi que l'crasante majorité des Juifs des pays arabomusulmans ont vécu leur histoire. Pour eux, leurs conditions d'existence en terre d'islam ont été marquées par le poids de la dhimma, ce statut qui les maintint si longtemps dans un état d'infériorité face aux musulmans. Mais reconnaître après la Shoah l'existence d'une jud

ophobie non européenne et qui plus est antérieure la colonisation est une chose difficile Cette bataille mémorielle est devenue un enjeu politique Pour la gauche d coloniale la droite au pouvoir en Israël aurait tout intérêt à noircir le tableau de la vie juive en terre d islam Elle suivrait de cette façon un agenda politique celui d un choc des civilisations entre un Occident qualifié par elle de judéo chrétien et un monde musulman hostile à l Etat juif Ce sont les récits de ce passé judéo musulman source de graves malentendus aussi bien en Israël qu en France et aux Etats Unis que se propose d étudier cet ouvrage Daniel Bensoussan Bursztein est journaliste aux Cahiers Bernard Lazare Judéophobie, la dernière vague Pierre-André Taguieff, 2018-05-09 Pierre André Taguieff revient sur la récente séquence judéophobe celle de la période 2000-2018 Les attentats djihadistes commis en France ont provoqué une prise de conscience de la menace d une ampleur qui n avait pas tout nettement pressentie bien qu annoncée par des signes inquiétants dès 2001 l auteur avait donné une première analyse du phénomène ne mergent Il fallait donc redessiner le paysage et tenter de repenser la nouvelle configuration antijuive en perpétuelle métamorphose dans laquelle se rencontrent les extrêmes complotisme concurrence victimaire antiséonisme radical nationalisme et islamisation croissante des discours Pierre André Taguieff retrace la genalogie depuis 1967 de la haine des Juifs telle qu elle s est idéologisée dans le monde arabo musulman post nassien Cet imaginaire judéophobe s est ancré en France puis en Europe compter de la seconde Intifada 2000 et se diffuse désormais massivement sur les réseaux sociaux dans un contexte marqué par la déstabilisation du Moyen Orient Dans l espace politico intellectuel français la dernière vague judéophobe est moins portée par les milieux nationalistes traditionnels que par des milieux gauchistes et islamistes qui instrumentalisent et retournent contre les Juifs les sionistes disent ils ordinairement des représentations empruntées à l antiracisme à l anticolonialisme à l anti impérialisme à l antifascisme ou la critique du communautarisme C est cette configuration inédite qu il qualifie d islamo gauchiste depuis le début des années 2000 que l auteur prend pour objet de réflexion *La Bible Plus Justement* Hervé Taïeb, 2017-09-04 La Bible Plus Justement est une étude de la Tora Ce mot hébreu devenu un titre et un nom propre est souvent orthographié Torah et Thora bien que la lettre h ne soit d aucune utilité La Tora est le regroupement de cinq livres L ensemble des cinq est appelé en français le Pentateuque La Tora ou Pentateuque est une partie de la Bible La Bible Plus Justement étudie et commente la Tora et cite parfois d autres références bibliques d autres livres que ceux du Pentateuque La Bible Plus Justement est une étude faite pas pas verset par verset donnant des commentaires inédits et contre courant de ceux tablis dans les dites grandes religions Deux mille ans d interprétations et de fausses idées religieuses sont branlées démenties et revisitées De nouvelles analyses et conclusions sont faites des explications sont données le tout sans interprétation sans faire dire au Texte autre chose que ce qu il dit La Bible Plus Justement n est pas un ouvrage nationaliste niant Dieu Au contraire il recherche Dieu et la parole divine L étude a été faite dans la langue originale l hébreu mais les commentaires sont en français Lorsque des mots ou phrases en hébreu sont cités ils sont toujours traduits afin d être clairs pour le plus grand nombre hébraïsants et non hébraïsants Alors qu en certains pays théologues et leurs défenseurs s opposent les créationnistes d un côté
