**Police Integrity in South Africa** Sanja Kutnjak Ivkovich, Adri Sauerman, 2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement. In 1994, as the country's apartheid system was replaced with a democratic order, the new government faced the significant challenge of transforming the South African police force into a democratic police agency, the South African Police Service (SAPS), that would provide unbiased policing to all the country's people. More than two decades since the initiation of the reforms, it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity. This book offers a unique perspective by providing in-depth analyses of police integrity in South Africa. It is a case study that systematically and empirically explores the contours of police integrity in a young democracy. Using the organizational theory of police integrity, the book analyzes the complex set of historical, legal, political, social, and economic circumstances shaping police integrity. A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers probing their familiarity with official rules, their expectations of discipline within the SAPS, and their willingness to report misconduct. The book also examines the influence of the respondents' race, gender, and supervisory status on police integrity. Written in a clear and direct style, this book will appeal to students and scholars of criminology, policing, sociology, political science, as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations. *A History of the Present* Ashwin Desai, Goolam Vahed, 2019-09-12 Through the long 20th century, Indian South Africans lived under the whip of settler colonialism and white minority rule, which saw the passing of a slew of legislation that circumscribed their freedom of movement, threatened repatriation, and denied them citizenship, all the while herding them into racially segregated townships. This volume chronicles the broad outlines of this history. Taking the story into the present, it provides an analysis of how Indian South Africans have responded to changes wrought by the remarkable collapse of apartheid and the holding of the first democratic elections in 1994. Drawing upon archival records, in-depth interviews, and ethnography, this study examines the ways in which Indian South Africans define themselves and the world around them, and how they are defined by others. It tells of the incredible journey of Indian South Africans, many of whom are fourth and fifth generation, towards being recognized as citizens in the land of their birth, and how, while often attracted by and seeking to explore their roots in India, they continue to dig deeper roots in African soil. **Drug-resistant Mycobacterium tuberculosis** Ben Gold, Helena Ingrid Boshoff, Digby Warner, 2023-06-08      **Transforming Transformation in Research and Teaching at South African Universities** Rob Pattman, 2018-12-20 What is transformation in contemporary South African higher education?
