Un homme qui dort Georges Perec, 1998 Il y eut ces jours es creuses la chaleur dans ta chambre comme dans une chaudière comme dans une fournaise et les six chaussettes requins mous baleines endormies dans la cuvette de matière plastique rose Ce rêve qui n'a pas sonné qui ne sonne pas qui ne sonnera pas l'heure de ton rêve Tu poses le livre ouvert c'est de toi sur la banquette Tu tends Tout est lourdeur bourdonnement torpeur Tu te laisses glisser Tu plonges dans le sommeil

**Georges Perec** Manet van Montfrans, 1999 Jongleur virtuose de mots et de formes observateur attentif de son époque conteur intarissable Georges Perec 1936-1982 est un écrivain dont la renommée ne cesse de croître auprès d'un public très diversifié en France et à l'étranger La discrétion et l'humour de Perec ont pu masquer en un premier temps le véritable enjeu de son œuvre Depuis le milieu des années quatre-vingt on voit cependant se développer une sensibilité accrue à la place que l'Histoire tient dans l'œuvre de cet auteur né en 1936 à Paris dans une famille d'immigrants d'origine juive polonaise Cet ouvrage retrace d'une part l'élaboration progressive de la poétique perécquienne qui s'est nourrie des expérimentations littéraires et des échanges intellectuels au sein de l'Oulipo D'autre part il confronte ce projet d'écriture à l'analyse de trois textes narratifs *Un homme qui dort* *W ou le souvenir d'enfance* et *Un cabinet d'amateur* Écrire est selon Perec un jeu qui se joue à deux entre l'écrivain et le lecteur Une fois qu'il s'est laissé séduire par les énigmes de ces textes le lecteur doit accepter de suivre Perec à tâtons dans les méandres de son labyrinthe Ce n'est que lorsqu'il consent à s'associer patiemment au mouvement de l'auteur qu'il comprendra ce autour de quoi tournent ces textes et vers quoi sans cesse ils retournent

Georges Perec: A Life in Words David Bellos, 2010-11-30

It's hard to see how anyone is ever going to better this User's Manual to the life of Georges Perec. Gilbert Adair, Sunday Times Winner of the Prix Goncourt for Biography 1994. George Perec 1936-82 was one of the most significant European writers of the twentieth century and undoubtedly the most versatile and innovative writer of his generation. David Bellos's comprehensive biography, which also provides the first full survey of Perec's irreverent, polymathic oeuvre, explores the life of an anguished, comical and endearingly modest man who worked quietly as an archivist in a medical research library. The French son of Jewish immigrants from Poland, he remained haunted all of his life by his father's death in the war, fighting to defend France and his mother's in Auschwitz-Birkenau. His acclaimed novel *A Void* (1969), written without using the letter 'e', has been seen as an attempt to escape from the words 'pre-mere' and even George Perec. His career made an auspicious start with *Things: A Story of the Sixties* (1965), which won the Prix Renaudot. He then pursued an idiosyncratic and ambitious literary itinerary through the intellectual ferment of Paris in the 1960s and 1970s. He belonged to the *Ouvrier de Littérature Potentielle* (OuLiPo), a radically inventive group of writers whose members included Raymond Queneau and Italo Calvino. Perec achieved international celebrity with *Life: A User's Manual* (1978), which won the Prix Médicis and was voted Novel of the Decade by the Salon du Livre. He died in his mid-forties after a short illness, leaving a truly puzzling detective novel, *53 Days*, incomplete. Professor Bellos's book enables us at once to relish the most wilfully bizarre aspects of Perec's oeuvre and to understand the whys and wherefores of his protean nature.

**Because of You: Understanding Second-Person Storytelling** Evgenia Iliopoulou, 2019-03-21

Second person storytelling is a continually present and diverse technique in the history of literature that appears only once in the oeuvre of an author. Based on key narratives of the post-war period, Evgenia Iliopoulou approaches the phenomenon in an inductive way, starting out from the essentials of grammar and rhetoric and aims to improve the general understanding of second person narrative within literature. In its various forms and typologies, the second person amplifies and expands the limits of representation, thus remaining a narrative enigma, a small narrative gesture with major narrative impact.

**Consuming Autobiographies** Claire Boyle,2007 Since 1975 French literary writing has been marked by an autobiographical turn which has seen authors increasingly often tap into the vein of what the French term *écriture de soi* This coincides paradoxically with the death of autobiography as these authors self consciously distance themselves and their writings from conventional autobiography founding a nouvelle autobiographie where the very possibility of autobiographical expression is questioned In the first book length study in English to address this phenomenon Claire Boyle sheds a new light on this hostility toward autobiography through a series of ground breaking studies of estrangement in autobiographical works by major post war authors Nathalie Sarraute Georges Perec Jean Genet and Hélène Cixous She identifies autobiography as a site of conflict between writer and reader as authors struggle to assert the unknowableness of their identity in the face of a readership resolutely desiring privileged knowledge Autobiography emerges as a deeply troubling genre for authors with the reader as an antagonistic consumer of the autobiographical self Everyday Life

Michael Sheringham,2006-03-09 In the last twenty years the concept of the *quotidien* or the everyday has been prominent in contemporary French culture and in British and American cultural studies This book provides the first comprehensive analytical survey of the whole field of approaches to the everyday It offers firstly a historical perspective demonstrating the importance of mainstream and dissident Surrealism the indispensable contribution over a 20 year period 1960-80 of four major figures Henri Lefebvre Roland Barthes Michel de Certeau and Georges Perec and the recent proliferation of works that investigate everyday experience Secondly it establishes the framework of philosophical ideas on which discourses on the everyday depend but which they characteristically subvert Thirdly it comprises searching analyses of works in a variety of

genres including fiction the essay poetry theatre film photography and the visual arts consistently stressing how explorations of the everyday tend to question and combine genres in richly creative ways By demonstrating the enduring contribution of Perec and others and exploring the Surrealist inheritance the book proposes a genealogy for the remarkable upsurge of interest in the everyday since the 1980s A second main objective is to raise questions about the dimension of experience addressed by artists and thinkers when they invoke the *quotidien* or related concepts Does the everyday refer to an objective content defined by particular activities or is it best thought of in terms of rhythm repetition festivity ordinariness the generic the obvious the given Are there events or acts that are uniquely everyday or is the *quotidien* a way of thinking about events and acts in the here and now as opposed to the longer term What techniques or genres are best suited to conveying the nature of everyday life The book explores these questions in a comparative spirit drawing new parallels between the work of numerous writers and artists including Andr Breton Raymond Queneau Walter Benjamin Michel Leiris Maurice Blanchot Michel Foucault Stanley Cavell Annie Ernaux Jacques R da and Sophie Calle

*Life as Creative Constraint* Anna Kemp, 2021-08-15 *Life as Creative Constraint* is the first book to focus on the extraordinary life writing of the French experimental writing group the Oulipo The Oulipo s enthusiasm for literary games and formal gymnastics has seen its work caricatured as lifeless impressively virtuoso but more interested in form than content and ultimately disengaged from the world This book examines a broad corpus of work by Georges Perec Marcel B nabou Jacques Roubaud and Anne F Garr ta to show that despite the group s early devotion to the radical impersonality of mathematics later generations of oulipians have brought the group s fascination with systems games and constraints to bear on autobiography Far from being lifeless oulipian constraints and concepts provide the tools that allow writers to engage critically and creatively with lived experience and mine the potential of the autobiographical genre The games played by these writers are
