Un Report On Rothchilds And Rockafellers:

World Empire and the Return of Jesus Christ , *The Fall of the West* Nicholas Hagger, 2022-11-25 In The Syndicate 2004 Nicholas Hagger described how in the 20th century a Syndicate of litist mega rich families levelled down the leading Western countries by promoting revolutions wars and independence movements against their empires and planned a New World Order and world government that would control the earth s resources for their own benefit In The Secret History of the West 2005 he traced the Syndicate s roots back to secret Freemasonic organisations and revolutions that undermined the West from the Renaissance to the early 20th century In The Fall of the West 2022 the third book in his trilogy on the West Hagger updates the story to include the pandemic and describes how Syndicate driven 21st century events from the War on Terror to Covid have brought the Western financial system to the brink of collapse and shifted power from the West to the East and China In this first impartial attempt to assemble all the evidence to date for the origin of Covid like fitting together available pieces of a jigsaw to reveal the main picture Hagger the first to discover the Cultural Revolution in China in March 1966 finds that the three main features of Covid 19 were man made by American NIAID funded medics in 2002 and patented 73 times since 2008 and seem to have been surreptitiously used as a bio weapon in a Syndicate plan to limit the rise of China and its expanding trade A dangerous new Biological Age has been born and the West faces being levelled down and a sudden fall Hagger sees the post Covid West s dream of creating a good New World Order a vaccine protected democratic presidential part federal world government and World State with sufficient authority to abolish war and solve the world s post Covid problems as being challenged by the self interested Syndicate s levelling down and to survive it first has to go along with the Syndicate s plan for West and East to draw together into an authoritarian world government involving China and democratise later This is a thought provoking work with a prophetic vision of the future , [the Secret American Dream](#) Nicholas Hagger, 2012-01-01 This powerful sequel to The Secret Founding of America presents compelling evidence of a secret American Dream nothing less than the establishment of a benign World State which would establish a universal peace under which all the peoples of the Earth would flourish *Lies My Gov't Told Me* Robert W. Malone, 2022-11-15 A WALL STREET JOURNAL NATIONAL BESTSELLER AS SEEN ON TUCKER CARLSON TODAY AND THE JOE ROGAN EXPERIENCE A guide for the times breaking down the lies about COVID 19 and shedding light on why we came to believe them When he invented the original mRNA vaccine technology as a medical and graduate student in the late 1980s Robert Malone could not have imagined that he would become a leader in a movement to expose the dangers of mRNA vaccines that billions of people have received too often without being informed of the risks For voicing opposition to the mainstream narrative Dr Robert Malone was censored by Big Tech and vilified by the media But he continues to speak out and alert the world to the web of lies that we have all experienced From vaccine safety and effectiveness to early treatments like ivermectin to lockdowns masks and more Dr Malone is the signature dissident voice telling the other side of the story about

COVID the role of corporate media censorship propaganda and the brave new world of transhumanism promoted by the World Economic Forum and its acolytes What effect did the COVID policies have on lives livelihoods and democracies How is it possible that the lies spread by governments would persist and that our institutions would fail to correct them Lies My Gov t Told Me takes a hard look at these questions and illustrates how data information and psychology have been distorted during the pandemic Governments intentionally weaponized fear to mold behavior The media smeared anyone who objected to the narrative And Big Pharma aligned with larger globalist interests exemplified by the likes of Bill Gates and the World Economic Forum had captured the agencies that are supposed to regulate it long before the pandemic began Dr Malone explores these perverse connections between Pharma government and media and tells us what can be done about it With contributed chapters from other leading thinkers such as Dr Paul Marik and Professor Mattias Desmet and drawing upon history psychology and economics Lies My Gov t Told Me looks at COVID from numerous angles Never satisfied with a simple answer or easy solution Dr Malone proposes multiple action plans for a better future Dr Malone calls on each of us to find our own solutions our own ways to resist the control of fascist corporatist and totalitarian overlords If we are to step out of the darkness toward a world that defends the principles of the Constitution upholds individual rights and honors free speech we all must play a part in the transition

The Power of Scale: A Global History Approach John Bodley, 2015-06-01

Throughout history the natural human inclination to accumulate social power has led to growth and scale increases that benefit the few at the expense of the many John Bodley looks at global history through the lens of power and scale theory and draws on history economics anthropology and sociology to demonstrate how individuals have been the agents of social change not social classes Filled with tables and data to support his argument this book considers how increases in scale necessarily lead to an increasingly small elite gaining disproportionate power making democratic control more difficult to achieve and maintain

Rockefeller Jacob Nordangård, 2024-04-02 Why would the first family of oil so ardently support environmental climate research and activism Join author and researcher Jacob Nordang rd as he uncovers the whole sordid truth The Rockefeller family is one of the richest in the world Yet why would the family that made the world dependent on oil fund environmental and climate research since the 1950s help shape climate policy measures since the 1980s and supported climate activism since the 1990s Rockefeller Controlling the Game is the thrilling and paradoxical story of one of the world s most influential global players Through its top position in American business close contacts with the White House and with their immense financial power as one of the world s leading private research funders the Rockefellers have been able to anchor the climate issue both scientifically and politically Yet what is the reasoning behind doing so Author and researcher Jacob Nordang rd follows the family from the founding of Standard Oil and the Rockefeller Foundation up through the aftermath of the Paris Agreement with the declaration of the Fourth Industrial Revolution in January 2016 to the present day Nordang rd s in depth research includes the large quantities of new material recently made available on the Internet as well

as the Rockefeller Foundation's own annual reports Nordang rd's main focus is the Rockefeller family's involvement in climate research and politics but the actions and motives of some of their allies are also explored as well as the family's influence on the development of modern medicine family planning agriculture art architecture behavioral science information technology and politics The Rockefeller family's utopian dream of a perfect world will have serious consequences for the survival of the human species and life as we know it The Rockefeller Foundation's stated mission to promote the well being of humanity throughout the world has a dark flipside as Nordang rd will prove the Rockefeller family's long standing battle against climate change contains elements of sophisticated propaganda techniques futurism and New Age philosophy aiming at a complete transformation of the whole earth system including economy ecology culture and even humanity itself
