voire d'une conscience critique du quotidien que l'on pourrait qualifier de domestique résumé dit par Emma Wagstaff, 2006. Much poetic writing in France in the post 1945 period is set in an elemental landscape and expressed through an impersonal poetic voice. It is therefore often seen as primarily spatial and cut off from human concerns. This study of three poets Andre du Bouchet, Philippe Jaccottet and Bernard Noël who have not been compared before argues that space is inseparable from time in their work which is always in transition. The different ways in which the provisional operates in their writing show the wide range of forms that modern poetry can take: an insistence on the figure of the interval, hesitant movement or exuberant impulse. As well as examining the imaginative universes of the poets through close attention to the texts, this book considers the important contribution they have made in their prose writing to our understanding of the visual arts and poetry translation in themselves transitional activities. It argues that these writers have in different ways succeeded in creating poetic worlds that attest to close and constantly changing contact with the real. Emma Wagstaff teaches French literature at Trinity College Cambridge.

Scènes bibliques et chœurs parlés pour Noël, Pâques et toute l'année Alain Combes, Marion Combes, 1997. Trente-cinq scènes bibliques et chœurs parlés accompagnés d'un guide pratique de mise en scène. Cet ouvrage était attendu depuis longtemps. Sa lecture donne envie à tous ceux qui essaient de transmettre la Parole de Dieu, de la faire retentir d'une manière renouvelée. Monter des chœurs parlés ou des scènes bibliques développe l'esprit d'initiative et renforce le groupe. Un tel projet est une parabole de ce que devrait être la vie communautaire: travailler une œuvre commune, mettre en actes nos idées. Chacun peut être utilisé au mieux de ses capacités, il rend le meilleur service. La musique et le chant ont une grande place dans la vie culturelle et c'est tant mieux. Mais il est dommage que l'expression orale, la lecture, la mise en scène soient souvent négligées dans les célébrations. On se sert aux fêtes de Noël et de Pâques, notre inventivité. Pourquoi ne pas envisager le travail de présentation de chœurs parlés ou de scènes bibliques comme un véritable outil au service de la communauté, au service de l'

Hall, Mich Le Lamont, 2013-04-22 What is the impact of three decades of neoliberal narratives and policies on communities and individual lives What are the sources of social resilience This book offers a sweeping assessment of the effects of neoliberalism the dominant feature of our times It analyzes the ideology in unusually wide ranging terms as a movement that not only opened markets but also introduced new logics into social life integrating macro level analyses of the ways in which neoliberal narratives made their way into international policy regimes with micro level analyses of the ways in which individuals responded to the challenges of the neoliberal era The product of ten years of collaboration among a distinguished group of scholars it integrates institutional and cultural analysis in new ways to understand neoliberalism as a syncretic social process and to explore the sources of social resilience across communities in the developed and developing worlds
