### *Dual-use life science research and biosecurity in the 21st Century: Social, Technical, Policy, and Ethical Challenges*

Jonathan E. Suk, Kathleen M. Vogel, Amanda Jane Ozin, 2015-06-04 In September 2011 scientists announced new experimental findings that would not only threaten the conduct and publication of influenza research but would have significant policy and intelligence implications The findings presented a modified variant of the H5N1 avian influenza virus hereafter referred to as the H5N1 virus that was transmissible via aerosol between ferrets These results suggested a worrisome possibility the existence of a new airborne and highly lethal H5N1 virus that could cause a deadly global pandemic In response a series of international discussions on the nature of dual use life science arose These discussions addressed the complex social technical political security and ethical issues related to dual use research This Research Topic will be devoted to contributions that explore this matrix of issues from a variety of case study and international perspectives The

Life-Course of Serious and Violent Youth Grown Up Evan McCuish, Patrick Lussier, Raymond Corrado, 2021-06-30 The Life Course of Serious and Violent Youth Grown Up addresses significant gaps in the literature on youth involved in chronic serious and violent offending Through longitudinal research and a long follow up into adulthood it challenges common perceptions about offending outcomes Using theoretically grounded methodologically sophisticated and empirically driven research this book culminates 20 years of data emerging from the Incarcerated Serious and Violent Young Offender Study ISVYOS Initiated in 1998 to understand the origins of serious and violent youth offending it follows 1 719 formerly incarcerated youth through adulthood and offers a contemporary perspective to questions about chronic offending in adolescence and social and offending outcomes in adulthood The authors provide a theoretically framed examination of new findings from the ISVYOS regarding participants justice system involvement from onset to persistence to desistance Most participants experienced continued involvement in the justice system in adulthood However contrary to past literature ISVYOS findings challenge static descriptions of chronic offending and notions of the youth super predator ISVYOS findings also challenge assertions that experiences and risk factors in childhood and adolescence are not informative of adult justice system involvement Together the findings call for a more humanistic approach that recognizes that the complex lives of individuals formerly incarcerated in adolescence implies that desistance does not happen by default This book will be of great interest to scholars researchers and students of forensic psychology developmental and life course criminology youth justice and violent crime
