Ashcraft,Eugene V. Gallagher,2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative

religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith's legitimacy beliefs methods of conversion and other facets of a religious movement's viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People's Temple the Branch Davidians Jehovah's Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha'i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven's Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more

Aleister Crowley and Western Esotericism Henrik Bogdan, Martin P. Starr, 2012-08-01 This volume is the first comprehensive examination of one of the twentieth century's most distinctive iconoclasts Aleister Crowley 1875-1947 was a study in contradictions Born into a fundamentalist Christian family and educated at Cambridge he was vilified as a traitor drug addict and debaucher yet revered as perhaps the most influential thinker in contemporary esotericism Moving beyond the influence of contemporary psychology and the modernist understanding of the occult Crowley declared himself the revelator of a new age of individualism Crowley's occult bricolage Magick was an eclectic combination of spiritual exercises drawn from Western European magical ceremonies and Indic sources for meditation and yoga This journey of self liberation culminated in harnessing sexual power as a magical discipline a sacralization of the self as practiced in Crowley's mixed masonic group the Ordo Templi Orientis The religion Crowley created Thelema legitimated his role as a charismatic revelator and herald of a new age of freedom Aleister Crowley's lasting influence can be seen in the counter culture movement of the late 1960s and early 1970s and in many forms of alternative

spirituality and popular culture The essays in this volume offer crucial insight into Crowley's foundational role in the study of Western esotericism, new religious movements and sexuality *Revisionism and Diversification in New Religious Movements* Eileen Barker, 2016-04-08 New Religious Movements tend to start their lives with a number of unequivocal statements not only of a theological nature but also about the world and appropriate behaviours for the believer Yet these apparently inalienable Truths and their interpretations frequently become revised, adjusted or selectively adopted by different believers This book explores different ways in which as NRMs develop, stagnate, fade away or abruptly cease to exist, certain orthodoxies and practices have for one reason or another been dropped or radically altered Sometimes such changes are adapted by only a section of the movement, resulting in schism Of particular concern are processes that might lead to violent and/or anti-social behaviour As part of the Ashgate Inform series and in the spirit of the Inform Seminars, this book approaches its topic from a wide range of perspectives Contributors include academics, current and former members of NRMs and members of cult-watching movements All the contributions are of a scholarly rather than a polemic nature and brought together by Eileen Barker, the founder of Inform *Discovering World Religions* Gabriel J. Gomes, 2012-07 In *Discovering World Religions*, author Gabriel J. Gomes provides a comprehensive overview of a wide range of world religions including Native American, African traditional, Hinduism, Jainism, Buddhism, Confucianism, Daoism, Shinto, Zoroastrianism, Judaism, Christianity, Islam and more **Secrecy** Hugh B. Urban, 2021-01-12 The powers of political secrecy and social spectacle have been taken to surreal extremes recently Witness the twin terrors of a president who refuses to disclose dealings with foreign powers while the private data of ordinary citizens is stolen and marketed in order to manipulate consumer preferences and voting outcomes We have become accustomed to thinking about secrecy in political terms and personal privacy terms In this bracing new work, Hugh Urban wants us to focus these same powers of observation on the role of secrecy in religion With *Secrecy*, Urban investigates several revealing instances of the power of secrecy in religion including nineteenth-century Scottish Rite Freemasonry, the sexual magic of a Russian-born Parisian mystic, the white supremacist Bruders Schweigen or Silent Brotherhood movement of the 1980s, the Five Percenters and the Church of Scientology An electrifying read, *Secrecy* is the culmination of decades of Urban's reflections on a vexed ever-present subject **Unsecular Media** Mark Silk, 1998-01-15 Mark Silk uncovers the journalistic mind as only a working newspaper reporter can He ties that mind to America's religious culture as only a trained historian can and challenges all the standard allegations about the secularity of the media as no one else ever has **Hollywood, Interrupted** Andrew Breitbart, Mark Ebner, 2005-03-10 *Hollywood Interrupted* is a sometimes frightening, occasionally sad and frequently hysterical odyssey into the darkest realms of showbiz pathology, the endless stream of meltdowns and flameouts and the inexplicable behavior on the part of show-business personalities Charting celebrities from rehab to retox to jails, cults, institutions, near-death experiences and the Democratic Party, *Hollywood Interrupted* takes readers on a surreal field trip into the amoral belly of the

entertainment industry Each chapter covering topics including warped Hollywood child rearing bad medicine hypocritical political maneuvering and the complicit media delivers a meticulously researched interview infused attitude heavy dispatch which analyzes and deconstructs the myths created by the celebrities themselves Celebrities somehow believe that it s their god given right to inflict their pathology on the rest of us Hollywood Interrupted illustrates how these dysfunctional dilettantes are mad as hell And we re not going to take it any more
