Cleveland Heights Marian J. Morton,2002 Now a bustling city of more than 50 000 residents Cleveland Heights situated just six miles from Cleveland s Public Square boasts a history that begins well before its own incorporation The region was once home to Native American tribes including the Erie and Seneca and stalwart pioneers established settlements in the area as early as the late eighteenth century In the post Civil War period as Cleveland was becoming an industrial metropolis affluent residents began moving to the newly developed garden suburbs anxious to live closer to nature and farther from the smoky city and its increasingly diverse population Born of this same desire Cleveland Heights was founded in 1901 Here in this isolated countryside owned by substantial families like the Silsbys Minors Comptons and Taylors entrepreneurs and city officials envisioned a clean and comfortable suburb for Cleveland s elite Officially designated a city in 1921 Cleveland Heights quickly became not the homogenized suburb envisioned by early developers but a community of widely divergent neighborhoods and people Newcomers belonged to varying class religious ethnic and racial backgrounds A century after its founding Cleveland Heights has become an inner ring urban suburb boasting gracious homes of architectural distinction and attractive parks but also facing the modern challenges of a dwindling population and commercial districts in need of economic revitalization This new volume illustrates in both word and image the evolving life of Cleveland Heights from its beginning as part of East Cleveland Township one of the region s first suburbs to the present day
