analysis as to why the parties signed the CPA what strategies they adopted having signed the agreement and the political consequences of state partition actually are John Young argues forcefully that the birth of the independent state of Southern Sudan and the threat of further dismemberment of a rump northern Sudan are due to the failure of the approaches and ideologies of the main Sudanese parties as well as a deeply flawed US backed peace process that excludes civil society and other rebel groups Written by someone directly involved in the Sudanese election and referendum processes and featuring a wealth of first hand evidence this is a crucial examination of a topic of intense political and media interest ,

Walt,2018-10-16 A provocative analysis of recent American foreign policy and why it has been plagued by disasters like the forever wars in Iraq and Afghanistan Instead of a long hoped for era of peace and prosperity relations with Russia and China have soured the European Union is wobbling nationalism and populism are on the rise and the United States is stuck in costly and pointless wars that have squandered trillions of dollars and undermined its influence around the world The root of this dismal record Walt argues is the American foreign policy establishment s stubborn commitment to a strategy of liberal hegemony Since the end of the Cold War Republicans and Democrats alike have tried to use US power to spread democracy open markets and other liberal values into every nook and cranny of the planet This strategy was doomed to fail but its proponents in the foreign policy elite were never held accountable and kept repeating the same mistakes Donald Trump s erratic and impulsive style of governing combined with a deeply flawed understanding of world politics made a bad situation worse The best alternative Walt argues is a return to the realist strategy of offshore

balancing which eschews regime change nation building and other forms of global social engineering The American people would surely welcome a more restrained foreign policy one that allowed greater attention to problems here at home Clear eyed candid and elegantly written Stephen M Walt s *The Hell of Good Intentions* offers both a compelling diagnosis of America s recent foreign policy follies and a proven formula for renewed success Thought provoking This excellent analysis is cogent accessible and well argued Publishers Weekly starred review *US Department of State Dispatch* ,1990 Contains a diverse compilation of major speeches congressional testimony policy statements fact sheets and other foreign policy information from the State Dept **AF Press Clips** ,1980 *AF Press Clips* United States Department of State.
