Bartrop,Samantha J. Lakin,2019-05-10 This book tells the largely unknown story behind the rescue activities of several remarkable young Jewish women in Vichy France during World War II and their role in the resistance against Nazi and Vichy France deportation policies Few studies of Vichy France and the Holocaust have looked at the rescue of Jews by those prepared to risk everything to escort them to safety in the border regions and even fewer have considered Jewish rescue of Jews specifically of Jewish children by women This work will be arguably the first book in which the experiences

and efforts of a number of female rescuers all of whom knew or knew of each other have been brought together in a single volume with the object of honoring their memory and showing how the value of human life was sustained through the Holocaust Focusing on a number of young Jewish women who defied the Nazis this narrative highlights their courage and sacrifice in their efforts to rescue Jews in France during World War II Additionally it shows how these French women responded to Nazi and Vichy France policies of deportation through resistance activities This is a story that will captivate anyone with an interest in the innate goodness of human beings that can shine even when confronted with the darkest expressions of depravity that occurred during the Holocaust

**Forgotten Battles** Charles T. O'Reilly,2001-01-01 Italy s War of Liberation takes issue with the apparently prevalent attitude among Allied commanders during World War II that the Italian military was ineffective O Reilly recounts the little known story of the significant contribution made by the Italian military during the Italian Campaign including the contribution of relatively unacknowledged Italian Partisan formations that fought in Italy France Yugoslavia and Greece Despite the fact that Italians fought on the front lines with the British and American soldiers and despite the service of the Italian Navy and Air Force the Allies refused repeated Italian pleas for more involvement in combat This book not only attempts to correct the record of military history by illustrating the ways in which the Italians were underutilized by the Allies but it also serves to paint a fair portrait of the Italian military s substantial efforts to defeat Hitler and eradicate Fascism
