German Soldiers in the Great War Bernd Ulrich, Benjamin Ziemann, 2012-09-20 The first English translation of writings that capture the lives and thoughts of German soldiers fighting in the trenches and on the battlefields of WWI *German Soldiers in the Great War* is a vivid selection of firsthand accounts and other wartime documents that shed new light on the experiences of German frontline soldiers during the First World War It reveals in authentic detail the perceptions and emotions of ordinary soldiers that have been covered up by the smokescreen of official military propaganda about heroism and patriotic sacrifice In this essential collection of wartime correspondence editors Benjamin Ziemann and Bernd Ulrich have gathered more than two

hundred mostly archival documents including letters military dispatches and orders extracts from diaries newspaper articles and booklets medical reports and photographs This fascinating primary source material provides the first comprehensive insight into the German frontline experiences of the Great War available in English for the first time in a translation by Christine Brooks Evidence, History and the Great War Gail Braybon,2004-12-01 In the English speaking world the Great War maintains a tenacious grip on the public imagination and also continues to draw historians to an event which has been interpreted variously as a symbol of modernity the midwife to the twentieth century and an agent of social change Although much common knowledge about the war and its aftermath has included myth simplification and generalisation this has often been accepted uncritically by popular and academic writers alike While Britain may have suffered a surfeit of war books many telling much the same story there is far less written about the impact of the Great War in other combatant nations Its history was long suppressed in both fascist Italy and the communist Soviet Union only recently have historians of Russia begun to examine a conflict which killed maimed and displaced so many millions Even in France and Germany the experience of 1914 18 has often been overshadowed by the Second World War The war s social history is now ripe for reassessment and revision The essays in this volume incorporate a European perspective engage with the historiography of the war and consider how the primary textual oral and pictorial evidence has been used or abused Subjects include the politics of shellshock the impact of war on women the plight of refugees food distribution in Berlin and portrait photography all of which illuminate key debates in war history **A Short History of the Great War** A. Richard N. Rosecrance, Steven E. Miller, 2014-11-21 Experts consider how the lessons of World War I can help prevent U S China conflict A century ago Europe s diplomats mismanaged the crisis triggered by the murder of Archduke Franz Ferdinand of Austria and the continent plunged into World War I which killed millions toppled dynasties and destroyed empires Today as the hundredth anniversary of the Great War prompts renewed debate about the war s causes scholars and policy experts are also considering the parallels between the present international system and the world of 1914 Are China and the United States fated to follow in the footsteps of previous great power rivals Will today s alliances drag countries into tomorrow s wars Can leaders manage power relationships peacefully Or will East Asia s territorial and maritime disputes trigger a larger conflict just as rivalries in the Balkans did in 1914 In *The Next Great War* experts reconsider the causes of World War I and explore whether the great powers of the twenty first century can avoid the mistakes of Europe s statesmen in 1914 and prevent another catastrophic conflict They find differences as well as similarities between today s world and the world of 1914 but conclude that only a deep understanding of those differences and early action to bring great powers together will likely enable the United States and China to avoid a great war Contributors Alan Alexandroff Graham Allison Richard N Cooper Charles S Maier Steven E Miller Joseph S Nye Jr T G Otte David K Richards Richard N Rosecrance Kevin Rudd Jack Snyder Etel Solingen Arthur A Stein Stephen Van Evera **Cambridge Poets of the Great War** Michael Copp, 2001 This anthology contains 155 poems by forty nine poets all of whom have connections with Cambridge University The poems have been selected to represent a comprehensive range of responses patriotic protest satirical realistic elegiac pastoral and homoerotic The introduction provides analytical notes on all the poems Three appendixes discuss Charles Sorley s comments on Rupert Brooke Siegfried Sassoon s statement of protest and A E Tomlinson s scathing attack on Brooke

The Super Summary of World History Revised Alan Dale Daniel BA MBA JD, 2008-10-20 The Super Summary of World History is a very compact history of the world emphasizing western culture and political processes The Super Summary is for the thinking person This new history raises exciting questions and puts events into new perspectives to stimulate real thinking about history rather than accepting that the past is set in stone History isn t just names and dates but a range of decisions and actions that often turn on the smallest circumstance The Super Summary analyzes a few events in depth but most are put into their historical framework so the reader can discern where and how all of this action escorts us to the present day If history seems dull pick up The Super Summary to discover that Western History is alive with controversy and consequence [A Short History of the Great War](#) Albert Frederick Pollard, 1920 *My Anti Christ Game or Movie Part Two* Lucifer White, 2018-03-11 **Satan the Anti-Christ and the False Prophet** Larry I. DeRycke, 2014-02-18 Anti Christ Defined I feel that it is important to understanding Satan that we define just what is meant by the word anti Christ The word Christ is obvious it refers to the Savior the son of God the God of Creation The English word anti means to be against or in opposition to The problem is that the word anti as used in the Bible is Greek in its origin and therefore has a

definition with more meaning than the English word In the Bible Concordance anti Christos is defined as False Christ Substitute for Christ Opposite of reverse neutralizing antagonistic Therefore the anti Christ is someone or something that makes you think they are Christ through false representation and substitution This can be illustrated in the Bible with the following verses The purpose of this book is to reveal Gods True Word to all who seek to know Gods Truth **Death, Dominance, and State-building** Roger D. Petersen,2024 This book applies a systematic framework to explain the course aftermath and long term lessons of the of the US intervention in Iraq The work follows the rise and fall of violence and progress in building a new Iraq state across the 2003 2023 period There are four sections The first outlines an approach able to breakdown the basic components of complex violent internal conflicts The second applies that framework to the period of US military occupation and presence 2003 2011 The third examines the period after US withdrawal specifying the legacy of US military intervention addressing the rapid takeover and slow defeat of the Islamic State in Iraq and explaining the continued power of militias and the persistence of a weak Iraqi state The fourth section concludes with general lessons gleaned from the Iraq experience a consideration of political and cultural forces constraining US policymakers from learning those lessons and informed speculation on the nature of future American military interventions And Other Essays Michael Cohen,2020-08-03 In this essay collection the sequel to his A Place to Read Michael Cohen presents the odd idea of the suicide note as a writing project that can be critiqued like any other describes encounters with illegal border crossers in south Texas and ponders the sudden popularity of books about atheism Books are a frequent subject here and Cohen makes an argument for The Maltese Falcon as the Great American Novel searches for the perfect the Platonic nature handbook and compares playing golf to reading about it Reading is for him as engrossing a form of experience as any other say hitchhiking through the Southwest with an old friend the joys of flying small planes or the charm of studying ancient Greek while people watching at the gym all experiences chronicled here He looks back at the effect a 1956 collision of two airliners over the Grand Canyon had on him as a kid fond of flying and how he learned about the joys of good food during a wanderjahr in Europe Many of these essays begin with a question whether Americans deserve their reputation for materialism why we seem to have lost the climate change battle and whether talking to yourself might really be beneficial Another frequent topic is how our ideal places cannot avoid being bruised by time He looks at what happened as the Tucson bars of his college days closed or morphed into very different places He traces seasonal changes in the desert He notes what happens to its effect when a giant cross beside I 40 in Texas is joined by equally giant windmills And he takes a mind s eye tour through Paris s terrace caf s and their literary associations after the 2015 terrorist attack there **The Birth of the Royal Air Force** Ian M.
