A new edition of a classic textbook introducing students to electricity and magnetism featuring SI units and additional examples and problems. **Managerial Accounting** Michael Maher, Clyde P. Stickney, Roman L. Weil, 2006. This classic text for MBA programs offers balanced coverage of concepts, methods, and uses of managerial accounting with an increasingly strong emphasis on management decision making. This approach helps focus on concepts and managerial uses of financial information rather than techniques of cost accounting. The current edition emphasizes international issues, strategic effects of decisions, ethics, and new management accounting trends. Also emphasized are process improvement, integration of financial reporting issues for management decision making, and application of managerial accounting tools to the emerging service sector, government, and nonprofits in examples and problem material. **Research in Education**, 1974 Applied Mechanics Reviews, 1997 **Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress.
