

CHAPTER 25

STUDY GUIDE

ELECTROMAGNETIC INDUCTION

Vocabulary Review

For each definition below, write the correct term.

eddy current

electric generator

electromagnetic induction

induced electromotive force

Lenz's law

mutual inductance

self-inductance

step-down transformer

step-up transformer

transformer

1. _____ the statement that an induced current is always produced in a direction such that the resulting magnetic field opposes the change in the magnetic field that is causing the induced current
2. _____ the potential difference that is produced by electromotive induction
3. _____ a transformer with a lower potential difference across the secondary circuit than across the primary circuit
4. _____ the effect that occurs in a transformer when a varying magnetic field produced in the primary coil is carried through the iron core to the secondary coil, where the varying field induces a varying *EMF*
5. _____ a device that increases or decreases the potential difference with little loss of energy
6. _____ the generation of current through a circuit due to the relative motion of a magnetic field
7. _____ a transformer with higher potential difference across the secondary circuit than across the primary circuit
8. _____ generated by a piece of metal moving through a magnetic field
9. _____ the property of a wire to create an induced *EMF* that opposes the change in a potential difference across the wire
10. _____ converts mechanical energy to electrical energy

Study Guide NTSE (MAT + SAT) for Class 10th 2019-2020 Arihant Experts, 2019-09-10

The National Talent Search Examination NTSE is conducted For Class 10th students every year in order to identify and nurture talented the students of the nation This examination has two stages STAGE I State Level which is conducted by States whereas STAGE II National Level which is conducted by NCERT Qualifying students get scholarship the Government The present edition of NTSE MAT SAT Book for Class 10th is carefully designed by as per the latest syllabus of NTSE paper This book contains Solved papers of Stage I Stage 2 of 2017 2018 respectively in the beginning so that aspirants can get acquainted with the question pattern of the exam The book is divided into 5 sections and each section is further divided into chapters which gives the full coverage of the syllabus moreover ample amount of questions are provided after every chapter At the end of the book there are 5 Solved Practice Papers are given for thorough practice so that candidates should be able to solve the problem easily during the exam The main aim of these book to students by providing them with the best study material so that can attain ranking in the country
