was the source of Rhonda Byrne's inspiration for the book and film *The Secret*. Originally published in 1912 as a correspondence course, it teaches that everything around us was first just a thought. Using it as the sign of creative energy, thought becomes a powerful force that can turn any idea into a reality. In this deluxe edition and study guide, you will learn:

- How to use the power of thought to realize your dreams
- How to create abundance and wealth
- How to find happiness
- New Thought beliefs including The Law of Attraction, Creative Visualization, and Ultimate principles that cause effects and laws that underlie success
- The Importance of truth and harmony
- How to unlock your potential

It is rumored that while attending Harvard University, Bill Gates discovered The Master Key System. It was this very book that inspired him to drop out and pursue his dream of a computer on every desktop.

Space Elevators: A History. David Raitt, 2017-03-07. Under the editorship of David Raitt, this timely book brings together for the first time the record of people, places, developments, and activities in fiction and in fact of the space elevator, a 100,000 km long, meter-wide ribbon reaching up from the Earth and into space, along which robotic climbers that will travel to bring payloads into orbit at a fraction of the price of rocket launches. The chapters in the book cover the early pioneers who dreamt up the concept, initially some 120 years ago; the work of modern-day scientists and engineers who have developed the concept into doable plans; how the concept has been portrayed in novels, films, and art; the conferences at which interested people could present and discuss their work and ideas; the global community that has grown up around space elevators; and the competition challenges that have been held and what the future may hold.
