impact on our world While the dream of conscious machines remains Professor Wooldridge believes a distant prospect the floodgates for AI have opened Wooldridge's *A Brief History of Artificial Intelligence* is an exciting romp through the history of this groundbreaking field a one stop shop for AI's past present and world changing future *The Living Church* ,1918

Political Thought and Political History Moshe Gammeter,2004-08-02 This volume is limited to contributions by Professor Kedourie's previous students It reveals the far reaching range of his interests and the immense expanse of his horizons The first part deals with philosophy political thought and ideology and the second with history and politics

Palmer's Index to the Times Newspaper ... ,1916 **The Herald of Asia** ,1917 **Life and Death in Captivity** Geoffrey P. R. Wallace,2015-08-11 Why are prisoners horribly abused in some wars but humanely cared for in others In *Life and Death in Captivity* Geoffrey P R Wallace explores the profound differences in the ways captives are treated during armed conflict Wallace focuses on the dual role played by regime type and the nature of the conflict in determining whether captor states opt for brutality or mercy Integrating original data on prisoner treatment during the last century of interstate warfare with in depth historical cases Wallace demonstrates how domestic constraints and external incentives shape the fate of captured enemy combatants Both Russia and Japan for example treated prisoners very differently in the Russo Japanese War of 1904-5 and in World War II the behavior of any given country is liable to vary from conflict to conflict and even within the same war Democracies may be more likely to treat their captives humanely yet this benevolence is rooted less in liberal norms of nonviolence than in concerns over public accountability When such concerns are weak or absent democracies are equally capable of brutal conduct toward captives In conflicts that devolve into protracted fighting belligerents may inflict violence against captives as part of a strategy of exploitation and to coerce the adversary into submission When territory is at stake prisoners are further at risk of cruel treatment as their captors seek to permanently remove the most threatening sources of opposition within newly conquered lands By combining a rigorous strategic approach with a wide ranging body of evidence Wallace offers a vital contribution to the study of political violence and wartime conduct *Supreme Court of the State of New York: Appellate Division-First Department Wm.H Wise & Co., Inc., Against Doubleday Doran & Company, Inc., and Literary Guild of America, Inc* ,
