The Creative Self Tamara Bibby,2017-08-07 The Creative Self engages with the work of the psychoanalyst D W Winnicott to develop alternative ways of thinking about key issues at the heart of pedagogy specifically pedagogic relationships creativity defiance and compliance These issues underpin the desires and defences of professionals located in educational institutions such as the desire to know what is best to know how to reach all learners normalised expectations of behaviours and outcomes and sometimes challenging engagements with students and the curriculum Each chapter provides both a theoretical focus and illustrative demonstrations of the ways in which Winnicott's theories may be relocated and used productively as tools for professional and academic reflexivity By building extensively on Winnicott's understanding of the ways in which relationships facilitate or hinder the development of the self this book extends his clinical focus on parental and analytical relationships to think about the ways in which the pedagogic relationship can provide an environment in which people may or may fail to develop as learners This approach provides powerful ways of thinking about pedagogy and pedagogic relationships that stand apart from the cognitive and rationalist tradition This focus can be used constructively to support people working in educational settings to re-establish a sense of personal and professional autonomy in an environment recently typified by compliance The Creative Self is an

imagined lesbian experiences Mentored by Simone de Beauvoir and a contemporary of French twentieth century luminaries Sartre Camus Genet and Cocteau Leduc is however known best as France's great unknown writer In *The Pleasures of the Text* Elizabeth Locey restores Leduc to her rightful place in the canon bringing to light her singular and important contributions to contemporary literary theory Locey reads Leduc's works from the perspective of reader seduction which erodes the divide between body and text Situating Leduc within a continuum with Emma Bovary and Roland Barthes at its extremes Locey investigates Leduc's use of the erotic touch look and voice to seduce her readers More than an accessible introduction to an overlooked writer *The Pleasures of the Text* confronts and challenges the philosophical debate between pornography and erotica and pins down some of the often slippery ways pleasure is mapped onto the body of the reader
