In the SRD, participants describe their delinquent activities, tapping the areas of property damage, theft, assault, and substance use. For each type of delinquent act, the participant is asked whether he/she ever committed it, how many times in the past year, if others were involved, and if he/she was under the influence of alcohol or drugs while committing it.

One hundred nineteen students were missing the entire measure (26% of the sample), including 105 from the normative sample (27% of the sample) and 44 of the control sample (28% of the sample).
