## Student Exploration: Osmosis

**Directions:** Follow the instructions to go through the simulation. Respond to the questions and prompts in the orange boxes.

**Vocabulary:** cell membrane, concentration, diffusion, dynamic equilibrium, osmosis, semipermeable membrane, solute, solvent

**Prior Knowledge Questions** (Do these BEFORE using the Gizmo.)

1. Suppose you were trapped on a desert island with no sources of fresh water. Should you drink water from the ocean? Explain why or why not.

you're gonna die from loss of water, so yes but not a lot. Saltwater is not as safe as freshwater, so by drinking too much saltwater you can mess yourself up.

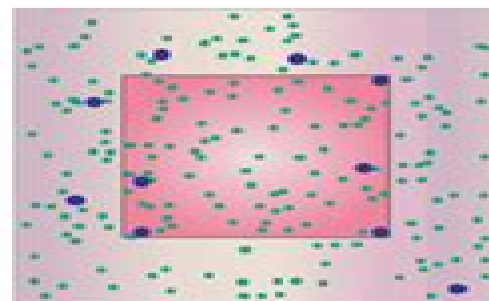

2. What do you think would happen if you watered your houseplants with salt water?

They would all slowly die.

### **Gizmo Warm-up**

A **cell membrane** is a thin "skin" that surrounds a cell. It is a **semipermeable membrane**, which means that some particles pass through the membrane easily while others cannot.

The *Osmosis* Gizmo portrays a cell (red square) in a solution of purple **solute** particles dissolved in green **solvent** particles. Press **Play** () and observe.

1. Which particles can pass through the cell membrane?

the green particles (the solvent)

2. Which particles cannot pass through the cell membrane?

the blue particles (the solute)

3. Click **Reset** () , and then click **Play** again. What do you notice about the size of the cell?

It started small and expanded.

**S Ashworth**

## **Student Exploration Osmosis Answer:**

Human Biology Craig H. Heller,1999      Funny Exam Answers Phoenix Ravenclaw,AI,2025-02-12 Funny Exam Answers offers a humorous yet insightful look into the pressures of education through the lens of actual unintentionally funny test responses It explores the phenomenon of students blanking out during exams leading to creative attempts to answer questions they don't know The book isn't just a collection of laughs it examines the underlying anxieties and the surprising ways students express themselves under academic pressure One intriguing aspect highlighted is how students sometimes interpret questions literally resulting in unexpected and amusing answers This unique textbook categorizes funny exam answers based on style and content such as literal interpretations and humorous attempts offering commentary on the motivations behind them It begins by establishing the context of these answers and progresses through various categories ultimately reflecting on the implications for teaching and learning By focusing on humor Funny Exam Answers provides an accessible and engaging way to explore serious topics like test anxiety and assessment methods making it valuable for educators and students alike

*Content Area Literacy Strategies That Work* Lori G. Wilfong,2019-03-13 Content area teachers are now being tasked with incorporating reading and writing instruction but what works In this essential book from Routledge and AMLE author Lori G Wilfong describes ten best practices for content area literacy and how to implement them in the middle level classroom She also points out practices that should be avoided helping you figure out which ideas to ditch and which to embrace Topics covered include Building background knowledge quickly Using specific strategies to scaffold focus while reading Using small group reading strategies to bring personal response and accountability to the content Understanding items that make reading in different disciplines unique Teaching content area vocabulary in meaningful ways Making writing an authentic process through daily and weekly assignments Planning and teaching effective informational and argumentative pieces Each chapter includes Common Core connections and practical templates and tools The templates are available as free eResources so you can easily print them for classroom use
