A Study of Student Nurses in the First Six Months of Training in Five Schools of Nursing** Oxford Area Nurse Training Committee (Oxford, Town of),1961 **Dear Black Nursing Student** LaTonja C. Davis,2022-06-10 I wrote this book because my journey of becoming a registered nurse was just that a journey As a single parent I feel other women and men in my position need to understand that sometimes in life you must fight for what you want For those who desire to become something more than who they are please understand that not everyone s journey to obtaining a college degree is traditional If you are persistent and dedicated to your dream you can achieve it For some of us there is no easy way for some of us there is no one to pave the way down our path but you can do it You may fail a test you may fail a class you may fail and be dropped from a program altogether but keep God first and you will prevail After reading this book I want people to understand that obtaining a college degree is not always a straightforward journey Graduating from high school and obtaining a bachelor s degree four years later is not everyone s blueprint I want people to think about

their goals and understand that they may hit some speed bumps roadblocks stop signs and detours but just like me you will reach your destination Whether it s nursing school CDL school welding school med school cosmetology school business administrative school and so forth it can be done and you are the one to do it May God bless you **The Nurse's Quest for a Professional Identity** Helen A.
