Michael Sullivan, Abshalom Mizrahi, Kathleen Miranda, 1981 Continuing its rich tradition of engaging students and demonstrating how mathematics applies to various fields of study, the new edition of this text is packed with real data and real life applications to business, economics, social and life sciences. Users continually praise Sullivan and Mizrahi for their attention to conceptual development, well graded and applied examples and exercise sets that include CPA, CMA and Actuarial exam questions. The new Eighth Edition also features a new full color design and improved goal oriented pedagogy to facilitate understanding, including more opportunities for the use of graphing calculator, including screen shots and instructions. Icons clearly identify each opportunity for the use of spreadsheets or graphing calculator. Work problems appear throughout the text, giving the student the chance to immediately reinforce the concept or skill they have just learned.
