*Student Writing and Genre* Fiona English, 2011-06-16      **Gamification in the RhetComp Curriculum** Christopher McGunnigle, 2023-01-17 Gamification is an up and coming popular trend in all levels and types of education including public and private schools higher education the military the private sector and elsewhere Gamification introduces aspects of game design like teamwork competition rewards and prizes storytelling and more into lesson plan units In many cases actual games whether it be Scrabble Hangman Candy Crush Dungeons Dragons and many others are adapted into educational tools This chapter collection will specifically look at the use of gamification techniques in Freshmen Writing courses and related Composition Writing and Rhetoric classes Each chapter will provide sample gamified lessons supported by relevant scholarship in both Gamification Theory and Writing Studies      *Black Lives Matter and Music* Fernando Orejuela, Stephanie Shonekan, 2018-08-10 Music has always been integral to the Black Lives Matter movement in the United States with songs such as Kendrick Lamar's Alright J Cole's Be Free D Angelo and the Vanguard's The Charade The Game's Don't Shoot Janelle Monae's Hell You Talk About Usher's Chains and many others serving as unofficial anthems and soundtracks for members and allies of the movement In this collection of critical studies contributors draw from ethnographic research and personal encounters to illustrate how scholarly research of approaches to and teaching about the role of music in the Black Lives Matter movement can contribute to public awareness of the social economic political scientific and other forms of injustices in our society Each chapter in *Black Lives Matter and Music* focuses on a particular case study with the goal to inspire and facilitate productive dialogues among scholars students and the communities we study From nuanced snapshots of how African American musical genres have flourished in different cities and the role of these genres in local activism to explorations of musical pedagogy on the American college campus readers will be challenged to think of how activism and social justice work might appear in American higher education and in academic research *Black Lives Matter and Music* provokes us to examine how we teach how we conduct research and ultimately how we should think about the ways that black struggle liberation and identity have evolved in the United States and around the world      *Emotion in Discourse* J. Lachlan Mackenzie, Laura Alba-Juez, 2019-03-15 Interest in human emotion no longer equates to unscientific speculation 21st century humanities scholars are paying serious attention to our capacity to express emotions and giving rigorous explanations of affect in language We are unquestionably witnessing an emotional turn not only in linguistics but also in other fields of scientific research *Emotion in Discourse* follows from and reflects on this scholarly awakening to the world of emotion and in particular to its intricate relationship with human language The book presents both the state of the art and the latest research in an effort to unravel the various workings of the expression of emotion in discourse It takes an interdisciplinary approach for emotion is a multifarious phenomenon whose functions in language are enlightened by such other disciplines as psychology neurology or communication studies The volume shows not only how emotion manifests at

different linguistic levels but also how it relates to aspects like linguistic appraisal emotional intelligence or humor as well as covering its occurrence in various genres including scientific discourse As such the book contributes to an emerging interdisciplinary field which could be labeled emotionology transcending previous linguistic work and providing an updated characterization of how emotion functions in human discourse

**Rethinking TESOL in Diverse Global Settings** Tim Marr, Fiona English, 2019-02-07 Shortlisted for the BAAL Book Prize 2020 What do TESOL teachers actually teach What do they know about language about English and the ways it is used in the world How do they view themselves and their work and how are they viewed by others How is TESOL perceived as a profession and as a discipline How can teachers make the most of the available resources Can global English really deliver what it seems to promise These are some of the questions explored in *Rethinking TESOL in Diverse Global Settings* a book which examines what we mean when we talk about English language teaching and what we understand the job of an English language teacher to be Covering diverse teaching environments from China to Latin America and the Middle East and from elementary school to university the authors take a critical look at TESOL by focusing on the actual substance of the subject language and attitudes towards it Through concrete examples from language classrooms in the form of vignettes and accounts from native speaker and non native speaker teachers alike they explore the experiences of teachers worldwide in relation to issues of identity and professionalism nativeness and non nativeness and the pressures of dealing with the expectations with which English has become invested While recognising the often precarious academic and institutional status of TESOL teachers the book pulls no punches in challenging those teachers as a whole to become more ambitious in their aims positioning themselves not as mere skills providers but language experts specialists in their subject members of a legitimate academic discipline Only then the authors argue will TESOL teachers and their work be taken seriously and their expertise recognised

**Nordic Perspectives on the Discourse of Things** Catharina Nyström Höög, Henrik Rahm, Gøril Thomassen Hammerstad, 2023-07-30 This open access book deals with the role of written texts in an increasingly diverse and dynamic society bringing together a series of studies anchored in the Scandinavian research tradition of sakprosa which roughly translates as subject oriented prose or professional communication The authors examine the written text s capacity to transcend contextual boundaries as a crucial factor in the importance of capturing and maintaining content as a manageable entity The chapters each deal with a text type that manages complex content in a specialized way including genre shifting in CSR reports discourse networks in modern digital culture digital and social media crisis communication and epistemic positions in non fiction This book is relevant to fields such as text research professional digital communication discourse analysis and literacy studies and may also be of interest to disciplines such as history rhetoric organization studies media studies journalism and linguistics

**Linguistic Ethnography** Fiona Copland, Sara Shaw, Julia Snell, 2016-04-29 The collection demonstrates the ways in which established traditions and scholars have come together under the umbrella of linguistic ethnography to explore important questions

about how language and communication are used in a range of settings and contexts and with what effect
