

AP Gov Unit 2 Study Guide (Part 2)

THE JUDICIAL BRANCH

Essential Question: How do the nation's courts compete and cooperate with the other branches to settle legal controversies and to shape public policy?

Foundational Documents/Court Cases:

-Article III of the US Constitution:

- Establishes the supreme court as judicial power of US
- Says Congress can "ordain and establish" other inferior courts

-Federalist #78

- Argues how and for how long justices will be appointed and what kind of power the judicial branch should have
- Hamilton says all appointed judges shall hold offices during good behavior (life)
 - Lifetime appointments necessary to keep judicial branch as independent as possible
- Federal judges should have judicial review; everything unconstitutional is void
 - Does not make judicial branch more powerful than legislative; the power of the people is superior
 - Balances and checks legislative branch

-Marbury v. Madison (1803)

- Background: President Adams in his last days packed the federal judiciary w/ federalist judges who would frustrate incoming Jefferson
 - Some commissions were not delivered—> upset William Marbury

- Marbury (judge who did not receive his commission) sued Madison and the supreme court to get his commission via a writ of mandamus (court order for an official to do what they're legally required to do) for Madison to deliver the commission
- Constitutional Principle: the jurisdiction (scope of power court exercises over different kinds of cases) clauses in Article III of the Constitution
- Decision: Marbury had the legal right to his commission, and the writ of mandamus is the correct way to get it, but the court DOES NOT have the authority to grant the writ of mandamus
 - Article III does not say anything ab the court issuing writ of mandamus
- Article 13 of Judiciary act conflicted with Article III of Constitution—> article 13 is unconstitutional and therefore null and void
- Importance: Marshall invested Supreme Court with power of judicial review; they are the final interpreter of the Constitution

Key Principles/Concepts:

-Interactions with the Executive Branch

- Executive can check judicial through legislative appointments
- Has the ability to not enforce the decision of the court

-Interactions with the Legislative Branch

- Legislators can pass laws that modify the impact of prior decisions
- Congress can check judicial through Constitutional amendments

It would be extremely helpful to find someone who is willing to score your essay your teachers or anyone who is familiar with the test material If you do ask the person to assign each of your U S and Comparative Part I essays a score of 0 to 9 For your Comparative Part II essays use the 0 to 5 scale If you must grade your own essays try to be objective In addition you may want to give your essays three different grades For instance if you feel you did well try giving the essay a score of 5 6 or 7 to represent the various scores you may receive By underestimating what your score may be you are more likely to receive a better score on the actual exam Use the following formulae to determine your raw score for the Free Response section

United States Exam Free Response Response 1 score x 1 66 raw score Response 2 score x 1 66 raw score Response 3 score x 1 66 raw score Response 4 score x 1 66 raw score Comparative Exam Response 1 score x 1 66 raw score

 Scores that Earn College Credit and or Advanced Placement Most colleges grant students who earn a 3 or above college
 credit and or advanced placement You should check with your school guidance office about specific college requirements
 Studying for Your AP Examination It is never too early to start studying The earlier you begin the more time you will have to
 sharpen your skills Do not procrastinate Cramming is not an effective way to study since it does not allow you the time
 needed to learn the test material It is very important for you to choose the time and place for studying that works best for
 you Some students may set aside a certain number of hours every morning to study while others may choose to study at night
 before going to sleep Other students may study during the day while waiting on a line or even while eating lunch Only you
 can determine when and where your study time will be most effective But be consistent and use your time wisely Work out a
 study routine and stick to it When you take the practice exam s try to make your testing conditions as much like the actual
 test as possible Turn your television and radio off and sit down at a quiet table free from distraction Make sure to time
 yourself As you complete the practice test s score your test s and thoroughly review the explanations to the questions you
 answered incorrectly but do not review too much during any one sitting Concentrate on one problem area at a time by
 reviewing the question and explanation and by studying our review s until you are confident that you completely understand
 the material Since you will be allowed to write in your test booklet during the actual exam you may want to write in the
 margins and spaces of this book when practicing However do not make miscellaneous notes on your answer sheet Mark your
 answers clearly and make sure the answer you have chosen corresponds to the question you are answering Keep track of
 your scores By doing so you will be able to gauge your progress and discover general weaknesses in particular sections You
 should carefully study the reviews that cover the topics causing you difficulty as this will build your skills in those areas To
 get the most out of your studying time we recommend that you follow the Study Schedule which corresponds to the exam you
 are taking It details how you can best budget your time If you are taking both exams do not try to study for each at the same
 time Try alternating days by studying for the United States exam one day and the Comparative exam the next Test Taking
 Tips Although you may be unfamiliar with tests such as the Advanced Placement exams there are many ways to acquaint
 yourself with this type of examination and help alleviate your test taking anxieties Listed below are ways to help yourself

become accustomed to the AP exam some of which may also be applied to other standardized tests Become comfortable with the format of the AP Examination in Government and Politics that you are taking When you are practicing to take the exam s simulate the conditions under which you will be taking the actual test s You should practice under the same time constraints as well Stay calm and pace yourself After simulating the test only a couple of times you will boost your chances of doing well and you will be able to sit down for the actual test much more confidently Know the directions and format for each section of the exam Familiarizing yourself with the directions and format of the different test sections will not only save you time but will also ensure that you are familiar enough with the AP exam to avoid nervousness and the mistakes caused by being nervous Work on the easier questions first If you find yourself working too long on one question make a mark next to it in your test booklet and continue After you have answered all of the questions that you can go back to the ones you have skipped Use the process of elimination when you are unsure of an answer If you can eliminate three of the answer choices you have given yourself a fifty fifty chance of getting the item correct since there will only be two choices left from which to make a guess If you cannot eliminate at least three of the answer choices you may choose not to guess as you will be penalized one quarter of a point for every incorrect answer Questions not answered will not be counted Be sure that you are marking your answer in the circle that corresponds to the number of the question in the test booklet Since the multiple choice section is graded by machine marking the wrong answer will throw off your score
