 international group of leading scholars examines whether the rivalry between the two countries that began in the 1950s will
 intensify or dissipate in the twenty first century The China India relationship is important to analyze because past experience
 has shown that when two rising great powers share a border the relationship is volatile and potentially dangerous India and
 China s relationship faces a number of challenges including multiple border disputes that periodically flare up division over
 the status of Tibet and the Dalai Lama the strategic challenge to India posed by China s close relationship with Pakistan the
 Chinese navy s greater presence in the Indian Ocean and the two states competition for natural resources Despite these
 irritants however both countries agree on issues such as global financial reforms and climate change and have much to gain
 from increasing trade and investment so there are reasons for optimism as well as pessimism The contributors to this volume
 answer the following questions What explains the peculiar contours of this rivalry What influence does accelerated
 globalization especially increased trade and investment have on this rivalry What impact do US China competition and China

Reputational Imperative Mahesh Shankar, 2018-09-25 India's first prime minister Jawaharlal Nehru left behind a legacy of both great achievements and surprising defeats Most notably he failed to resolve the Kashmir dispute with Pakistan and the territorial conflict with China In the fifty years since Nehru's death much ink has been spilled trying to understand the decisions behind these puzzling foreign policy missteps Mahesh Shankar cuts through the surrounding debates about nationalism idealism power and security with a compelling and novel answer reputation India's investment in its international image powerfully shaped the state's negotiation and bargaining tactics during this period The Reputational Imperative proves that reputation is not only a significant driver in these conflicts but also that it's about more than simply

looking good on the global stage Considerations such as India's relative position of strength or weakness and the value of demonstrating resolve or generosity also influenced strategy and foreign policy Shankar answers longstanding questions about Nehru's territorial negotiations while also providing a deeper understanding of how a state's global image works The Reputational Imperative highlights the pivotal yet often overlooked role reputation can play in a broad global security context

In the Shadow of Fear Nick Bunker, 2023-10-03 An evocative portrait of a divided America at the dawn of the Cold War Halfway through the twentieth century the United States towered over the world in industrial might After winning the 1948 election Harry Truman hoped to use this economic strength to build on FDR's achievements with new liberal reforms But then in just ten months between September 1949 and June 1950 the president's ambitions were overtaken by events that left the country gripped by rage and fear The Soviets tested an atomic bomb Mao's army swept through China and at home Truman faced labor unrest and a Republican Party desperate for power In the Shadow of Fear is an innovative and gripping history of this pivotal moment Recounting the launch of Senator Joe McCarthy's anti communist crusade the defeat of Truman's liberal program and the start of the Korean War prizewinning historian Nick Bunker shows us a polarized nation facing crises at home and abroad a story with deep resonances today

Glittering Decades Nayantara Pothen, 2012-01-30 New Delhi was purpose built to trumpet the supremacy of the British Raj and inaugurated in 1931 Instead it came to represent a fading imperial dream in the two decades that followed In the heyday of the British Raj strict social and racial hierarchies governed the social life of the city's ruling elites And the frivolity of New Delhi's high society was kept in check by a faithful adherence to etiquette and protocol in everyday life For

example the sixteen button glove at a formal viceregal dinner party was of great importance as a means of maintaining the authority of the Raj But the 1930s and 1940s were a period of transition The political shifts associated with India s journey to self government echoed in the social codes of conduct adopted by the Indian elites of New Delhi and undermining the Raj s pomp became a legitimate means of challenging its authority Closely examining the role of social ritual interaction and behaviour in the shaping of the city and its elite groups Glittering Decades tells the story of New Delhi and its privileged inhabitants between 1931 and 1952
