amounts to unscientific administrative policy or a chaotic policy followed by a few countries and purposely some countries are indulging in terrorism tactics Some governments pursue this policy resolutely with a view to terrorize the inhabitants of the earth It can be seen that in a few countries the political leaders are following the present independent administrative policy of each country in a persistent manner I have been a keen observer of this and have found that they are purposefully doing this but I am a scientist in HRD study and one HRD scientist is equal to God in respect of knowledge and power also I cannot tolerate any kind of inhuman illegal activities on the earth By seeing this I am changing the world's Administrative Policy as per the directions mentioned in this book I appeal to the earth's inhabitants to usher in this new Administrative Policy in the interest of the world with a view to have everlasting peace and the resulting satisfaction as to their lifespan on this planet
