Janzen,Beth Perry,Margaret Edwards,2019-09-19 Research has shown that what students desire most in the post secondary milieu is engagement As traditional forms of teaching that include lecture or PowerPoint presentations no longer adequately engage today s technology adept students educators may find themselves at a loss for where to locate teaching strategies which both engage students and are tried and tested in an actual classroom setting This

book does just that It provides a critical look at not only what is lacking in today s classrooms to promote engagement but actual solutions and strategies to help nurse educators as they prepare to teach Artistic Pedagogical Technologies were first envisioned by Dr Beth Perry in 2005 while over twelve years of research confirms that these arts based teaching strategies actually work As theory based topics can be among the most difficult to engage students included in this book are selected lesson plans that have been employed in actual classrooms In total thirty five strategies are provided that can be utilized in a variety of classroom settings and applied to various nursing topics Students as part of the human family have an innate need to be creative This creativity can display itself within Artistic Pedagogical Technologies as a melding of technology edutainment and play The strategies in Artistic Pedagogical Technologies A Primer for Educators have changed the classroom life of the authors as educators and they can change your teaching too   A Text-book of Nursing ,1893
