**Macau's Languages in Society and Education** Andrew J. Moody, 2021-03-18 This book examines the role of English within education and society in the quickly changing city of Macau Macau's multilingual language ecology offers the unique opportunity to examine language planning and policy issues within a small speech community The languages within the ecology include several Chinese varieties such as Cantonese Putonghua and Hokkien European languages like Portuguese and English and a number of Asian languages that include among others Burmese Filipino languages Japanese Timorese etc As the smallest city in South China's Pearl River Delta Macau has sought to maintain cultural and linguistic independence from its larger neighbours and independence has been built upon an historic commitment to multilingualism and cultural plurality As economic development and globalisation offer new opportunities to a growing middle class the sociolinguistics of a small society constrain and influence the language policies that the territory seeks to implement Macau's multilingual and pluralistic response to language needs within the territory echoes historical responses to similar challenges and suggests that small communities function sociolinguistically in ways that differ from larger communities Quality of Life and Well-Being for Residents in Long-Term Care Communities Jennifer L. Johns-Artisensi, Kevin E. Hansen, 2022-06-06 This book explores key factors long term care recipients have identified as impacting their quality of life and offers programmatic and policy recommendations to enhance well being within long term care communities Leadership and staff who work in nursing homes and other residential care communities serve as gatekeepers to resident well being often without recognizing how residents quality of life is impacted by their decision making This book takes a life domain approach to build on research based studies that document key drivers of care recipients quality of life including relationships autonomy and respect activities and meals environment and care Using a framework that enhances understanding of resident quality of life it outlines practical programmatic and policy suggestions for long term care stakeholders such as administrators managers front line staff family members and policy makers whose directives and actions impact the lived experience of long term care residents As such this book serves as a roadmap for leaders and managers of long term care communities along with policymakers who regulate health and human services to best structure care environments to maximize quality of life and well being for long term care recipients *Program Implementation Plan (PIP): Program*, 2017 *Nursing Practice* Ian Peate, Karen Wild, 2018-02-05 The second edition of the successful and definitive nursing textbook Nursing Practice is designed to support the student throughout the entire nursing degree Structured around the latest Nursing and Midwifery Council Code of Conduct it explores a range of clinical and professional issues that the student will need to know in one

complete and accessible volume Thoroughly updated and with full colour high quality illustrations throughout this new edition features an additional chapter on the principles of supporting families and carers in practice advice on revalidation as well as a number of learning features and activities to help consolidate learning Nursing Practice provides invaluable information to enable not just student nurses but also those who are qualified and members of the extended nursing family to develop a deeper understanding of their patients needs and to ensure that they are practicing safely and effectively

Inequality and Flourishing Mariama Ifode- Blease, 2022-06-30 It is no surprise that Christians have long been involved in education the quest for human flourishing and wholeness is at the heart of the gospel and education is critical to that quest

Good education has the power to transform our relationships with ourselves with each other with and within communities and ultimately between nation states But what is surprising is our theological silence in the face of the deep injustices which lie at the heart of our education system In *Inequality and Flourishing* Mariama Ifode Blease explores and exposes these inequalities and calls for a greater remembrance of the bountiful and daunting gift of stewardship we have as we educate young people Drawing on interviews she offers a fresh vision of education as being about giving children the best tools to be stewards of their minds and bodies our communities and ultimately our planet

**Creative Arts-Based Research in Aged Care** Evonne Miller,2021-03-29 This timely book explores what it is like to live in an aged care home the expectations that new residents and their families enter with their relationships with fellow residents and formal caregivers and how they approach in different ways the reality that this place is where they will die Creative Arts Based Research in Aged Care draws on an immersive semi longitudinal four year study and purposely privileges the voices and perspective of older residents Using creative arts based qualitative research methods specifically participatory photography and research poetry it demonstrates the experience of contemporary aged care from the perspective of those who matter most older residents Divided into three parts covering entering residential aged care daily life in aged care and dying in aged care the book stimulates debate and discussion about current practice and the future of aged care in the context of rapid population ageing and care automation It is essential reading for all scholars and students working in the fields of gerontology social work psychology design and nursing particularly those tasked with redesigning aged care in the twenty first century
