Nursing Teaching At Bara Hospital:

Baragwanath Hospital, Soweto Simonne Horwitz, 2013-09-01 Baragwanath Hospital Soweto illustrates how this rapidly growing underfunded but surprisingly effective institution found the niche that allowed it to exist to provide medical care to a massive patient body and at times even to flourish in the apartheid state The book offers new ways of exploring the history of apartheid apartheid medicine and health care The long history of Chris Hani Baragwanath Hospital its full current name or Bara as it is popularly known has been shaped by a complex set of conditions Established in the early 1940s Bara stands on land purchased by the Cornish immigrant John Albert Baragwanath in the late nineteenth century He set up a refreshment post trading store and hotel on the site in what is now Soweto which was a one day journey by ox wagon from Johannesburg The hotel became affectionately known as Baragwanath Place the surname is Welsh from bara meaning bread and gwenith meaning wheat The land was then bought by Corner House Mining Group and later taken over by Crown Mines Ltd but was never mined The British government bought the land in the early 1940s to build a military hospital but by 1947 Baragwanath ceased to operate as a military hospital and under the auspices of the Transvaal Provincial Administration a civilian hospital was opened with 480 beds Patients were transferred from the non European wing of the Johannesburg General Hospital in the white area of Johannesburg Links were immediately forged with the University of the Witwatersrand and Bara would over time become one of its largest teaching centres This link brought medical students and their teachers into direct contact with apartheid in the medical sphere This book will contribute to studies of the history of apartheid that have begun to provide a more nuanced account of its workings The history of Baragwanath and of the doctors and nurses who worked there tells us much about apartheid ideology and practice as well as resistance to it in the realm of health care [Nursing History and the Politics of Welfare](#) Ann Marie Rafferty, Jane Robinson, 2005-08-04 A quiet revolution has been sweeping through the writing of nursing history over the last decade transforming it into a robust and reflective area of scholarship Nursing History and the Politics of Welfare highlights the significant contribution that researching nursing history has to make in settling a new intellectual and political agenda for nurses The seventeen international contributors to this book look at nursing from different perspectives as it has developed under different regimes and ideologies and at different times in America Australia Britain Germany India The Phillipines and South Africa They highlight the role of politics and gender in understanding nursing history and propose strategies for achieving greater recognition for nursing and bringing it into line with other related health care professions **Health Planning Reports: Subject index. 4 v** United States. Health Resources Administration, 1978 *Can Themba* Siphiwo Mahala, 2022-03-30 Mahala's biography gives insight into the life and writing of Can Themba 1924-1967 an iconic figure of the South African literary world and Drum journalist who died in exile This rich and absorbing biography of Can Themba iconic Drum era journalist and writer is the definitive history of a larger than life man who died too young Siphiwo Mahala's intensive and often fresh research features unprecedented archival access and

interviews with Themba's surviving colleagues and family Mahala's biography takes a critical historical approach to Themba's life and writing giving a picture of the whole man from his early beginnings in Marabastad to his sombre end in exile in Swaziland The better known elements of his life his political views passion for teaching and mentoring family life and his drinking are woven together with an examination of his literary influences and the impact of his own writing especially his famous short story The Suit on modern African writers in turn Mahala a master storyteller deftly follows the threads of Themba's dynamic life showcasing his intellectual acumen scholarly aptitude and wit along with his flaws contradictions and heartbreaks against a backdrop of the sparkle and pathos of Sophiatown of the 1950s Can Themba's successes and failures as well as his triumphs and tribulations reverberate on the pages of this long awaited biography The result is an authoritative and entertaining account of an often misunderstood figure in South Africa's literary canon
