## **Nutrionics Introduction To Elemental Pairs:**

Nutrionics Joseph R. Scogna, Jr., Kathy M. Scogna, 2015-02-04 Elements and Alchemists the Science of Light and Energy and Similar We humans are composed of the elements those metals and gases that formed our home planet Earth so many eons ago Researchers thru the ages wanted to understand the hows and whys of life the early alchemists studied the elements and laid the groundwork for our science and religious philosophies of today As more elements were discovered in the late 1700s the homeopaths cataloged the symptom patterns these caused long before there was an industrial use for them When that use came factories spewed forth noxious combinations of chemicals and frequencies into the air creating those very same symptom patterns Scogna's quest To find a way to help humankind navigate the perils of living in a body at this time and space on Earth so that we can find contentment and appreciate the enjoyment of life In Nutrionics Scogna shares what he learned about the energetic science of light and energy physics about the pairing of elements and symptom patterns homeopathy and what he discovered about the inner workings of body mind and spirit and our inheritances through DNA RNA He created a new language of body mind spirit emotion called Self Awareness Formulas SAF r He connected all information into his mathematical system and computerized the data in the early 1980s when very few knew about computers Today this system is available as an online service In Nutrionics Scogna defines the pairing of 22 elements how these provide balance to each other and ultimately to humankind He takes a step back to observe and relate how it all fits together the cosmos the human and the atom As above so below *Saf Simplified* Kathy M Scogna, Joseph R. Scogna Jr., 2019-08-05 Our symptoms are messages we were meant to decode But are we listening SAF translates our symptom patterns from twenty three systems making this the Rosetta Stone for humans an ancient future speak that has already been encoded in our DNA We can learn this coded language to improve our lives Combinations of numbers create a complex image a snapshot in time for us to examine Life can be a puzzle at times If you have any problem in your life this means it is in your system Doesn't it make sense that the solution will be found inside your system too The trick has always been how you find your answers Given the choice each of us has a problem or two we could do without Although we make choices every day somehow the same old problems return time and again Throughout this book you'll learn how the mind works and how unresolved traumas from the past can still influence you and your behavior patterns in the present time SAF presents an opportunity for you to see your situation in a new light and then something magical happens a spark of understanding occurs In this ah ha moment stuck energy is released and you will feel it Thousands have studied this method of self awareness through practitioners offices It is now available to the general public in an easy to understand format Just follow the instructions When you learn to read your SAF chain sequence the pieces of the puzzle those confusing emotions lack of energy or faded memories of a traumatic event will begin to fall into place Let SAF be the first step on the road to discovery It will be a fascinating journey because it is a discovery about you
