

**HCAM's Complete Collection of "Need-to-Know" Materials on
State Licensing and Federal Medicare/Medicaid Certification**

"NURSING HOME REGULATIONS MANUAL"

with Annual Subscription Service

This manual conveniently compiles -- all in one place -- the primary criteria for licensing a nursing home to operate in Michigan and certifying it to participate in the Medicare and/or Medicaid programs.

Known as "the big red book," this 1,200-plus page 3-ring publication includes **state and federal statute, state licensing rules and federal certification rule 42 CFR Part 483, standards adopted by various agencies, and clarifications** directing nursing home operations. From fire safety to food service sanitation to infection control and interpretive guidelines, the bases are covered here!

This invaluable tool assists nursing home owners, administrators, inservice directors, department heads and attorneys in understanding the expectations held for nursing homes, including county medical care facilities and hospital long term care units.

This manual is current as of the month of publication, the date shown on the Table of Contents. However, because new information is continuously evolving and expanding, portions of this manual become outdated as additional or modified regulations are promulgated, standards are developed, and further clarifications are issued. Therefore, a prepaid subscription service is available to Manual Holders to help keep this material current.
