Nursing Documentation Long Term Care:

Clinical Documentation Barbara Acello, 2007-01-01 Clinical documentation can significantly affect a nursing home's survey results reimbursement received and most importantly resident care. Yet little formal training is given on how to complete this complicated and often confusing process. With so much at stake, it's critical that nurses have a resource they can turn to in order to help achieve accurate comprehensive documentation for all residents. **The Nurse Practitioner in Long-term Care** Barbara S. White, Deborah Truax, 2007 A comprehensive reference. The Nurse Practitioner in Long Term Care covers geriatric care provided by the nurse practitioner in the skilled nursing facility (SNF). It includes an introduction to nursing homes, medication management, practical health promotion and disease prevention, and management of common clinical conditions specific to the skilled and long term care nursing home settings. It also includes topics pertinent to everyday practice such as end of life care, pain control, and legal and regulatory issues. This text is useful in graduate programs for nurse practitioners and clinical nurse specialists, as well as for physician's assistant, PA students. It provides practical guidelines and is an excellent resource book for nurse practitioners and PAs new to nursing home practice or for seasoned professionals.
