Bilal Iqbal Avan,2008 Despite the wide array of theoretical frameworks and research in the discipline of child development there is a dearth of guidance to implement that knowledge in real world settings This book nicely bridges the gap between theory and practice and successfully presents the integration of psychology sociology and public health of early childhood development in the much needed cross cultural context of the developing countries The book takes this interdisciplinary approach a step further and provides a detailed account to conceptualise and implement community based programmes to achieve optimal early childhood development The text is developed on the belief that organised effort to ensure a better future for our children requires a basic understanding of principles of their growth and development and skills to scientifically observe them      Nutritional Approaches To Aging Research Moment,2018-01-18 The general plan of this

volume Nutritional Approaches to Aging Research is for each chapter to present first a reasonably succinct state of the art appraisal of present knowledge in the particular field or problem covered This will vary considerable depending on the subject matter Following this each chapter will focus on the problems and pitfalls both conceptual and technological of work in the particular field and no less important present some of the opportunities and implications of work in that particular area
