Recent Publications In Communication Journals:

Frontiers in New Media Research Francis L.F. Lee, Louis Leung, Jack Linchuan Qiu, Donna S.C. Chu, 2013-05-07 This volume puts together the works of a group of distinguished scholars and active researchers in the field of media and communication studies to reflect upon the past present and future of new media research. The chapters examine the implications of new media technologies on everyday life existing social institutions and the society at large at various levels of analysis Macro level analyses of changing techno social formation such as discussions of the rise of surveillance society and the fifth estate are combined with studies on concrete and specific new media phenomena such as the rise of Pro Am collaboration and fan labor online In the process prominent concepts in the field of new media studies such as social capital displacement and convergence are critically examined while new theoretical perspectives are proposed and explicated Reflecting the inter disciplinary nature of the field of new media studies and communication research in general the chapters interrogate into the problematic through a range of theoretical and methodological approaches The book should offer students and researchers who are interested in the social impact of new media both critical reviews of the existing literature and inspirations for developing new research questions The Routledge Handbook of Emotions and Mass Media Katrin Doveling, Katrin Döveling, Christian von Scheve, Elly A. Konijn, 2010-10-04 The impact of mass media on individuals and society is to a great extent based on human emotions Emotions in turn are essential in understanding how media messages are processed as well as media s impact on individual and social behavior and public social life Adopting an interdisciplinary approach to the study of emotions within a mass media context the Handbook of Emotions and Mass Media addresses areas such as evolutionary psychology media entertainment sociology cultural studies media psychology political communication persuasion and new technology Leading experts from across the globe explore cutting edge research on issues including the evolutionary functions of mediated emotions emotions and media entertainment measurements of emotions within the context of mass media media violence fear evoking media politics and public emotions features forms and functions of emotions beyond the message and provide the reader a glimpse into future generations of media technology This compelling and authoritative Handbook is an essential reference tool for scholars and students of media communication studies media psychology emotions cultural studies sociology and other related disciplines The Handbook of Communication and Corporate Reputation Craig E. Carroll, 2015-04-10 With the latest insights from the world of communication studies into the nature of corporate reputation this new addition to Wiley Blackwell's series of handbooks on communication and media reflects the growing visibility of large businesses ethical profiles and tracks the benefits that positive public attitudes can bring Serves as the definitive research collection for a fast growing field featuring contributions by key international scholars Brings together state of the art communication studies insights on corporate reputation Identifies and addresses the lacunae in the research literature Applies new theoretical frameworks to corporate reputation Publishing Journal Articles Zheng

Yan,2020-11-05 Journal publication and grant writing are two core professional skills for new scholars today However systematic training is not typically offered in graduate programs worldwide This book equips readers with the current scientific knowledge by providing a concise introduction to the science of journal article publication The overall structure generally matches the curriculum of a graduate course and each chapter features a learning sequence based on Daniel Kahneman's intuitive judgement theory The volume analyzes the intuitive thoughts of new authors from a variety of countries uses over fifty real life cases and focuses on core concepts from nearly 100 research articles It provides scientific advice for new authors junior researchers and graduate students to publish their scholarly work and advance their academic careers

Special Issue of Ubiquitous Computing and Communication Journal - Applied Computing UbiCC Journal, Journal of New Communications Research, Vol II Jennifer McClure, 2008-02-28 The Society is focused on the mastery of new communications tools and technologies and is dedicated to creating a bridge between the academic and theoretical pursuit of these topics and the pragmatic implementation of new media and communications tools and methodologies with an emphasis on the establishment and promotion of best practices This issue of the JNCR features several contributions that support this underlying ideal including an analysis of Internet dependency relations and Internet news exposure a report on government in the Web 2 0 era and the public sector s use of social media an exploration of the social media release and its implications for the PR journalist relationship and a case study that focuses on the ethics of journalism and public relations in the new media environment In addition SNCR Founding Fellow Elizabeth Albrycht witnesses the Venice Biennale online and proposes the notion of the noosphere And we are pleased to feature the executive summary authored by SNCR Senior Fellow Paul Gillin of an upcoming SNCR research study New Media New Influencers and Implications for the Public Relations Profession This research made possible by a grant from the Institute for Public Relations and Wieck Media examines the criteria communications professionals use to define new influencers explores how social media is being used to communicate with these influentials and how organizations are measuring the effects of such efforts

Strategic Sport Communication Paul Mark Pedersen, Kimberly S. Miloch, Pamela C. Laucella, 2007 This is an introduction to the wide ranging world of sport communication integral to the successful management marketing and operation of sport organisations at all levels The text outlines the full breadth of the communication industry including the many professional careers available to students and practitioners

The Handbook of International Crisis

Communication Research Andreas Schwarz, Matthew W. Seeger, Claudia Auer, 2016-04-18 The Handbook of International Crisis Communication Research articulates a broader understanding of crisis communication discussing the theoretical methodological and practical implications of domestic and transnational crises featuring the work of global scholars from a range of sub disciplines and related fields Provides the first integrative international perspective on crisis communication Articulates a broader understanding of crisis communication which includes work from scholars in journalism public

relations audience research psychology political science sociology economics anthropology and international communication Explores the topic from cross national and cross cultural crisis communication approaches Includes research and scholars from countries around the world and representing all regions Discusses a broad range of crisis types such as war terrorism natural disasters pandemia and organizational crises The Handbook of Crisis Communication W. Timothy Coombs, Sherry J. Holladay, 2022-11-14 The revised and updated new edition of the comprehensive guide to crisis communication research and practice The Handbook of Crisis Communication provides students researchers and practitioners with a timely and authoritative overview of the dynamic field Contributions by an international team of 50 leading scholars and practitioners demonstrate various methodological approaches examine how crisis communication is applied in a range of specific contexts discuss the role of culture and technology in crisis communication and present original research of relevance to the development and evaluation of crisis communication theory Now in its second edition the Handbook covers the latest advances in global crisis communication technology current trends in research and practice social media in crisis communication and more Each of the 38 chapters incorporate new material offering fresh insights into existing areas of crisis communication and explore new and emerging lines of research A wealth of new case studies practical scenarios and in depth analyses of recent crises are integrated throughout Examines traditional applications recent advances and emerging areas in crisis communication Discusses communication approaches for organizational crises disasters political crises and public health crises Provides up to date coverage of the latest terminology methods and research trends in the field Highlights how crisis communication theory and research can inform real world practice Features detailed analyses of crisis communication in major events such as terrorist attacks natural disasters industrial accidents and global pandemics The Handbook of Crisis Communication Second Edition is an excellent textbook for advanced students in public relations and strategic communication programs and a valuable reference for researchers and practitioners in fields such as crisis communication public relations and corporate communication Chinese Communication Studies Xing Lu,D. Ray Heisey, Wenshan Jia, 2002-06-30 Many varying factors contribute to the dynamics of Chinese communication which both resembles and differs from its Western counterparts In this provocative new collection of essays an international group of scholars challenges the conventional notion of Chinese culture as static recognizing the causes of cultural change and strategies of resistance Examining communication contexts in mainland China Hong Kong and Taiwan Chinese Communication Studies Context and Comparisons considers the relationship between culture and communication in Chinese political gender family and media contexts providing the reader with insight both into how enduring Chinese cultural values are and how they are being appropriated to meet political and economic goals Moreover comparisons and distinctions are made between Chinese and Western communication concepts and practices on the issues of human rights world opinions pedagogical approaches and instruction of rhetoric In a work sure to be of value to many disciplines the authors trace the

historical development of ideas and value systems of both cultures rendering an understanding of similarities and differences in both communication and cultural mindsets Handbook of Risk and Crisis Communication Robert L. Heath, H. Dan O'Hair, 2020-10-28 The Handbook of Risk and Crisis Communication explores the scope and purpose of risk and its counterpart crisis to facilitate the understanding of these issues from conceptual and strategic perspectives Recognizing that risk is a central feature of our daily lives found in relationships organizations governments the environment and a wide variety of interactions contributors to this volume explore such questions as What is likely to happen to whom and with what consequences To what extent can science and vigilance prevent or mitigate negative outcomes and What obligation do some segments of local national and global populations have to help other segments manage risks shedding light on the issues in the quest for definitive answers The Handbook offers a broad approach to the study of risk and crisis as joint concerns Chapters explore the reach of crisis and risk communication define and examine key constructs and parse the contexts of these vital areas As a whole the volume presents a comprehensive array of studies that highlight the standard principles and theories on both topics serving as the largest effort to date focused on engaging risk communication discussions in a comprehensive manner Now available in paperback the Handbook of Risk and Crisis Communication can be readily used in graduate coursework and individual research programs With perspectives from psychology sociology anthropology political science economics and communication the Handbook provides vital insights for all disciplines studying risk and is required reading for scholars and researchers investigating risk and crisis in various contexts The Routledge Companion to Journalism Ethics Lada Trifonova Price, Karen Sanders, Wendy N. Wyatt, 2021-08-24 This volume provides a comprehensive discussion of enduring and emerging challenges to ethical journalism worldwide The collection highlights journalism practice that makes a positive contribution to people s lives investigates the link between institutional power and ethical practices in journalism and explores the relationship between ethical standards and journalistic practice Chapters in the volume represent three key commitments 1 ensuring practice informed by theory 2 providing professional guidance to journalists and 3 offering an expanded worldview that examines journalism ethics beyond traditional boundaries and borders With input from over 60 expert contributors it offers a global perspective on journalism ethics and embraces ideas from well known and emerging journalism scholars and practitioners from around the world The Routledge Companion to Journalism Ethics serves as a one stop shop for journalism ethics scholars and students as well as industry practitioners and experts Chapter 45 of this book is freely available as a downloadable Open Access PDF at http www taylorfrancis com under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license The Handbook of International Crisis and Risk Communication Research Andreas Schwarz, Matthew W. Seeger, Sora Kim, 2025-04-22 Global Insights on Navigating Today s Complex Crises Now in its second edition The Handbook of International Crisis and Risk Communication Research offers a timely and comprehensive exploration of the methods challenges and innovations in managing present day global crises and

risks Bringing together expert insights from across the fields of communication public relations and social sciences this interdisciplinary volume examines crisis and risk communication through an international lens Each chapter presents unique cultural theoretical and methodological perspectives for managing risk mitigating crises and fostering resilience Amid growing transnational issues such as public health emergencies climate induced disasters and political upheavals the Handbook emphasizes the role of communication in crisis awareness recovery and renewal Contributions by leading scholars and practitioners investigate vital issues such as the impact of misinformation digital technologies and media dynamics in shaping public perception and policy response This revised and expanded edition also reflects recent global threats including climate change the COVID 19 pandemic the war in Ukraine and other cross border crises Equipping readers with the knowledge and frameworks necessary to navigate an increasingly complex and interconnected world The Handbook of International Crisis and Risk Communication Research is perfect for advanced graduate courses and PhD programs in crisis and risk communication as well as crisis managers public relations consultants communication officers and scholars in risk management and communication The SAGE Handbook of Television Studies Manuel Alvarado, Milly Buonanno, Herman Gray, Toby Miller, 2014-12-09 Genuinely transnational in content as sensitive to the importance of production as consumption covering the full range of approaches from political economy to textual analysis and written by a star studded cast of contributors Emeritus Professor Graeme Turner University of Queensland Finally we have before us a first rate and wide ranging volume that reframes television studies afresh boldly synthesising debates in the humanities cultural studies and social sciences This volume should be in every library and media scholar s bookshelf Professor Ravi Sundaram Centre for the Study of Developing Societies Bringing together a truly international spread of contributors from across the UK US South America Mexico and Australia this Handbook charts the field of television studies from issues of ownership and regulation through to reception and consumption Separate chapters are dedicated to examining the roles of journalists writers cinematographers producers and manufacturers in the production process whilst others explore different formats including sport novella and soap opera news and current affairs music and reality TV The final section analyses the pivotal role played by audiences in the contexts of gender race and class and spans a range of topics from effects studies to audience consumption The SAGE Handbook of Television Studies is an essential reference work for all advanced undergraduates graduate students and academics across broadcasting mass communication and media studies When **Communication Became a Discipline** William F. Eadie, 2021-11-05 When Communication Became a Discipline argues that speech and journalism professors embraced the concept of communication between 1964 and 1982 They changed the names of their scholarly societies and journals and revised their academic curricula Five strands of scholarship became and remain central to this transformation Communication is not a traditional academic discipline but its scholars convinced their colleagues to understand and embrace it When Communication Became a Discipline presents an argument with historical
