**Brennan's Guide to Life** Francis Brennan, 2014-09-26 The inimitable Francis Brennan shares his philosophy for life spread a little sparkle dust and make the world a happier place Have you ever wondered which fork to use when dining out Or how to make the perfect cup of tea If you've ever wanted to learn the correct etiquette for weddings funerals and christenings this is the book for you Covering everything from gracefully handling office politics to what gifts to bring to a dinner party this book will advise you on everything you need to lead a well groomed and well mannered life Francis Brennan the hugely successful proprietor of the Park Hotel Kenmare and presenter of RTÉ's highly rated At Your Service believes it's the little things in life that count the most And by following his philosophy based on manners etiquette and respect he has built an extremely successful business and a very happy life With his signature charm and wit Francis shares with you his personal code for living including the correct way to position a toilet roll and the direction in which your pillowcase should face Full of fun and personal memories Francis will motivate you to pay attention to the small things that make a big difference You get the feeling that if he ever called over to your house you'd have a totally delightful evening drinking tea with him and although he might rearrange the cushions on your sofa and criticise your choice of hand soap he'd do it so nicely you'd end up offering him all the fancy biscuits Beaut! Wouldn't it be a great if restaurateurs got hold of Francis book and doled it out to ahem deserving parents Sinead Ryan The Herald It's the Little Things Table of Contents Preface Manners Begin At Home Guess Who's Coming to Dinner The People Next Door The Big Occasions Births Marriages and Deaths Planes Trains and Automobiles The World of Work The Ancient Art of Grooming How to Look Your Best on Every Occasion Eating Out Social Media Epilogue It's the Little Things *It's Not The Freaking Wheat America!* Chelsea Manning, 2015-05-20 In America at present 69% of everyone over the age of 20 is overweight to some degree Worse more than half of us are clinically obese In fact there are more clinically obese and overweight people in the United States than there are overall people in Mexico and Canada This being the case books and diet regimens regularly hit the headlines which in recent years especially have bent over backwards to try and inform us that our weight is all wheat's fault Complex carbs not eating like cave people like apparently we all should be you name it the weight loss industry's blamed it However the problem at hand isn't America's consumption of breads and cereals Neither in fact is America's couch potato culture entirely to blame for the ever

broadening of two hundred and fifteen million of our respective waist lines In fact all blaming things like wheat for America's health and diet woes does is blinker us from what is really wrong with many of our diets and lifestyles It's Not The Freaking Wheat America Will therefore attempt to clarify exactly why we have got as big and unhealthy as we have recently before educating you in no uncertain terms what you can do to start looking and feeling legitimately better about yourself That said I'm no nutritionist or dietary expert I have however been on something of a personal dietary adventure over the past six years and in the first three of those years I learned enough about basic diet and nutrition to lose the extra hundred pounds which I personally had been collecting since college Real weight loss however isn't possible in just one weekend Don't therefore purchase this book if you're looking for a quick fix to help you reel in your waistline The simple truth is that the only way there really is to rip, shred or burn 2000 calories in just one weekend is by you taking a blow torch to your favorite brand of frozen pizza Moreover I for one am sick of all the gimmicks and well publicized false promises I've been the person who has felt like the biggest person in the room I wasn't ever obese and I'll never be skinny but I've been abjectly lonely and depressed because of my weight What I want to do then is tell people not just how they can really start losing weight but ultimately how they can be happier too Real sustainable weight loss only starts to happen though when we also start to educate ourselves in regard to what is really in a lot of the food that we eat every day It's Not The Freaking Wheat America isn't therefore just another diet book first and foremost it's a basic education tool one which I hope will help whoever reads it start building a better dietary and ultimately happier and more fulfilling life for themselves
