Christmas and the British: A Modern History Martin Johnes, 2016-10-06 The modern Christmas was made by the Victorians and rooted in their belief in commerce family and religion Their rituals and traditions persist to the present day but the festival has also been changed by growing affluence shifting family structures

greater expectations of happiness and material comfort technological developments and falling religious belief Christmas became a battleground for arguments over consumerism holiday entitlements social obligations communal behaviour and the influence of church state and media Even in private it encouraged reflection on social change and the march of time Amongst those unhappy at the state of the world or their own lives Christmas could induce much cynicism and even loathing but for a quieter majority it was a happy time a moment of a joy in a sometimes difficult world that made the festival more than just an integral feature of the calendar Christmas was one of British culture s emotional high points Moreover it was also a testimony to the enduring importance of family shared values and a common culture in the UK Martin Johnes shows how Christmas and its traditions have been lived adapted and thought about in Britain since 1914 Christmas and the British is about the festival s social cultural and economic functions and its often forgotten status as both the most unusual and important day of the year Quill & Quire ,1993 **Appetite** Ed Balls,2021-08-19 Delightfully different Delia Smith Ed Balls was just three weeks old when he tried his first meal pureed roast beef and Yorkshire pudding While perhaps ill advised by modern weaning standards it worked for him in 1967 and from that moment on he was hooked on food Appetite is a memoir with a twist part autobiography part cookbook each chapter is a recipe that tells a story Ed was taught to cook by his mother and now he s passing these recipes on to his own children as they start to fly the nest Sitting round the table year after year the world around us may change but great recipes last a lifetime Appetite is a celebration of love family and really good food *Everyday Food Practices* Tarunna Sebastian,2021-06-29 In *Everyday Food Practices* Tarunna Sebastian explores the teaching and learning dimensions of people s food choices and practices as they are played out in their everyday lives and local community Using multi sited critical ethnographic methodology Sebastian followed people on their journeys while planning shopping preparing cooking and eating food These journeys reveal that supermarket corporations play a hegemonic role creating and sustaining class based diets and cultural dynamics which undermine individual agency Rebuking corporate hegemony food education at counter cultural sites such as farmers markets food cooperatives and community gardens seeks to empower people with knowledge and skills derived from socially and environmentally sustainable food curricula However class and ethnicity based patterns of engagement compromise learning at these sites Sebastian argues that by contrast the embodied experiences of inter generational home based food practices are more effective in teaching sustainable cooking skills and the production of healthy meals
