The Educational Practices and Pathways of South African Students across Power-Marginalised Spaces Aslam Fataar,2018-08-03 The lived experiences of students educational practices are analysed and explained in terms of the book s plea for the recognition of the multi dimensionality of students as educational beings with unexplored cultural wealth and hidden capitals The book presents an argument that student lives are entangled in complex social spatial relations and processes that extend across family neighbourhood and peer associations which are largely misrecognised in educational policy and practice The book is relevant to understanding the role of policy curriculum and pedagogy in addressing the educational performance of working class youth

Responding to the Educational Needs of Post-school Youth Nico Cloete,2009 The research reflected in this volume indicates that in South Africa there are almost three million youth between the ages of 18 and 24 who are not in education training or employment a situation which points not only to a grave wastage of talent but also to the possibility of serious social disruption The authors in this work paint a picture of the enormous reservoir of human talent which exists in the country but is not provided with the means to develop Responding to the Educational Needs of Post School Youth attempts not only to sketch the scope and extent of the current post school educational crisis but also to explore possible solutions

through collaboration in the higher education sector The findings reported here are a result of three distinctive but linked research components conducted by the Further Education and Training Institute University of Western Cape the Centre for Higher Education Transformation and the Southern Africa Labour and Development Research Unit University of Cape Town The research was funded by the Ford Foundation and the project conducted in consultation with the Department of Education Die Kaapse bibliotekaris ,2007 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957
