The Signs of a Mystery Nikolai Nawri, 2017-07-25 December 1940. The Second World War has been raging across Europe for over a year. Britain stands alone. There are fears of an invasion. Then a German submarine and its crew vanish under mysterious circumstances. Fifty years later, the conflict finally seems over as the Cold War comes to an end. Walls are being broken down. People who were separated for decades are brought back together. And things that have lain hidden surface again.

For Siobhán Dannreuther, her grandparents' past is distant history when a research project on Antarctica provides her with a welcome opportunity to escape the dreary winter of the British Isles and the aftermath of a brutal murder. It promises to be a perfectly normal adventure. Soon, however, she gets drawn into an increasingly confusing and unsettling world of disappearances, rumours, and myths. Reality seems to be slipping away from her. And as she begins searching for the answers to her current questions, she is confronted by the ghosts of a forgotten past.

Chronicle of That Which Will Order Chaos Titus Wallace, 2021-07-12. This is a tale that spans the beginning of time till the end of days and beyond. Imagine for a second if Milton and Dante collaborated and everything from Paradise Lost to the final battle between God and Lucifer was encompassed within that text along with all that is implied between the heights of redemption and the circles of Hell. It is a pictograph of human nature where we came from, how we got here, and most importantly, why we are here. I am known as keeper of the stories of time and have much to share with thee. Due to the fact that I am not a prevalent character in this tale, I have chosen to remain unknown. I am only the narrator of this story and although I may show up from time to time within said compilation of this tale, I prefer to remain a mysterious stranger to this universe. It all begins in a time of the Christ when a secret pact was made between Judas and Jesus, forming a tidal wave of emotion and thunder during a climactic behind-the-scenes knowledge of Lucifer's deception from God. How a new god was forged by the two who set the stage for an answer to end the war between Light and Darkness. His name is M'bius Kain, the god of truth, and when this tale concludes, an empire of balance must be forged to order the chaos that coexists within our world.

Narratives of Nothing in 20th-Century Literature Meghan Vicks,2017-04-20 The concept of nothing was an enduring concern of the 20th century As Martin Heidegger and Jean Paul Sartre each positioned nothing as inseparable from the human condition and essential to the creation or operation of human existence as Jacques Derrida demonstrated how all structures are built upon a nothing within the structure and as mathematicians argued that zero the number that is also not a number allows for the creation of our modern mathematical system Narratives of Nothing in 20th Century Literature suggests that nothing itself enables the act of narration Focusing on the literary works of Vladimir Nabokov Samuel Beckett and Victor Pelevin Meghan Vicks traces how and why these writers give narrative form to nothing demonstrating that nothing is essential to the creation of narrative that is how our perceptions are conditioned how we make meaning or madness out of the stuff of our existence how we craft our knowable selves and how we exist in language
